**CITY OF RIDGEFIELD
REQUEST FOR BOARD ACTION**

MEETING DATE: December 9, 2024

AGENDA ITEM NAME: Council Action and Comments on Pioneer Street at 35th Avenue Roundabout

SUMMARY/BACKGROUND:

At their November 21, 2024 meeting, Council approved the roundabout concept recommended by the Roundabout Committee, including comments from the Committee accompanying the recommendation. Council added a few comments and input of their own, as noted below.

Staff is now working with an electrical engineer and the original roundabout design team for design plans to have a contractor extend electricity out to the roundabout for the art lighting. Staff will work in 2025 to identify an artist to complete the art design as well as funding to build the improvements.

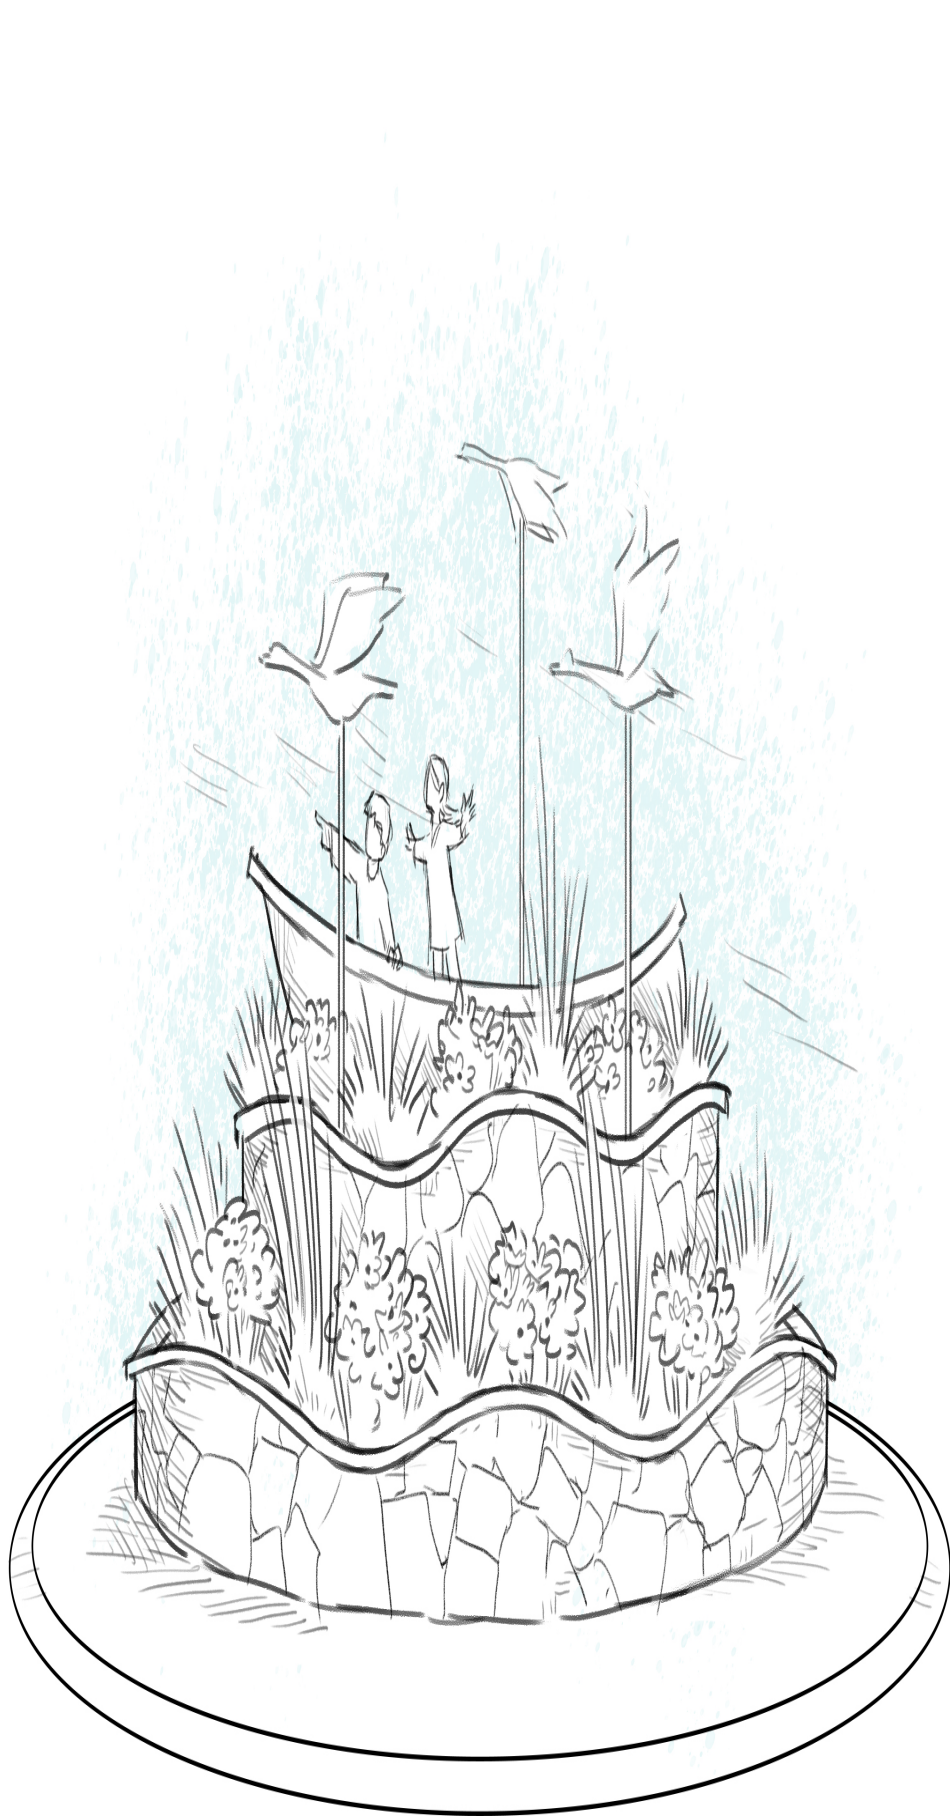

Council comments included:

- Engage a Native American artist for the art components
- Art plan should not be too busy or distracting, and prevent it being attractive to people who want to travel into the center of the roundabout
- Given the experience with vehicles intruding into and damaging roundabouts, include spare parts (protective wall pieces, art pieces) for repair or replacement purposes
- Provide enough lighting at night so that drivers don't get confused with the Indigenous children in the canoe being actual people playing in the canoe
- Design the surface to be solid and limit the maintenance need for dirt and dust collection.
- The design should allow for a future traffic camera.

**CITY OF RIDGEFIELD
REQUEST FOR BOARD ACTION**

MEETING DATE: December 9, 2024

AGENDA ITEM NAME: Next Roundabout: Pioneer Street at 50th Place/Discovery Drive

SUMMARY/BACKGROUND:

Subsequent to the action to move forward with the Roundabout Committee's recommended concept at Pioneer Street and 35th Avenue, Council selected the Pioneer Street at 50th Place/Discovery Drive as the next roundabout for Committee consideration. Because this is part of the current Pioneer Street Widening and 50th Place/Discovery Drive Roundabout Project, the timing is right for Committee input into the roundabout's design so that, upon Council's eventual action, the concept can be incorporated into the project's design and built with the current project.

A presentation to initiate the discussion is attached to this staff report. Staff will provide a schedule that allows the Roundabout Committee's recommendation(s) and Council action to be forwarded to the Pioneer Widening project design team to incorporate into construction plans for the new roundabout.

Roundabout Committee

Discussion on Pioneer at Discovery Drive

Roundabout

**Chuck Green, PE, Public Works
Director**

December 9, 2024

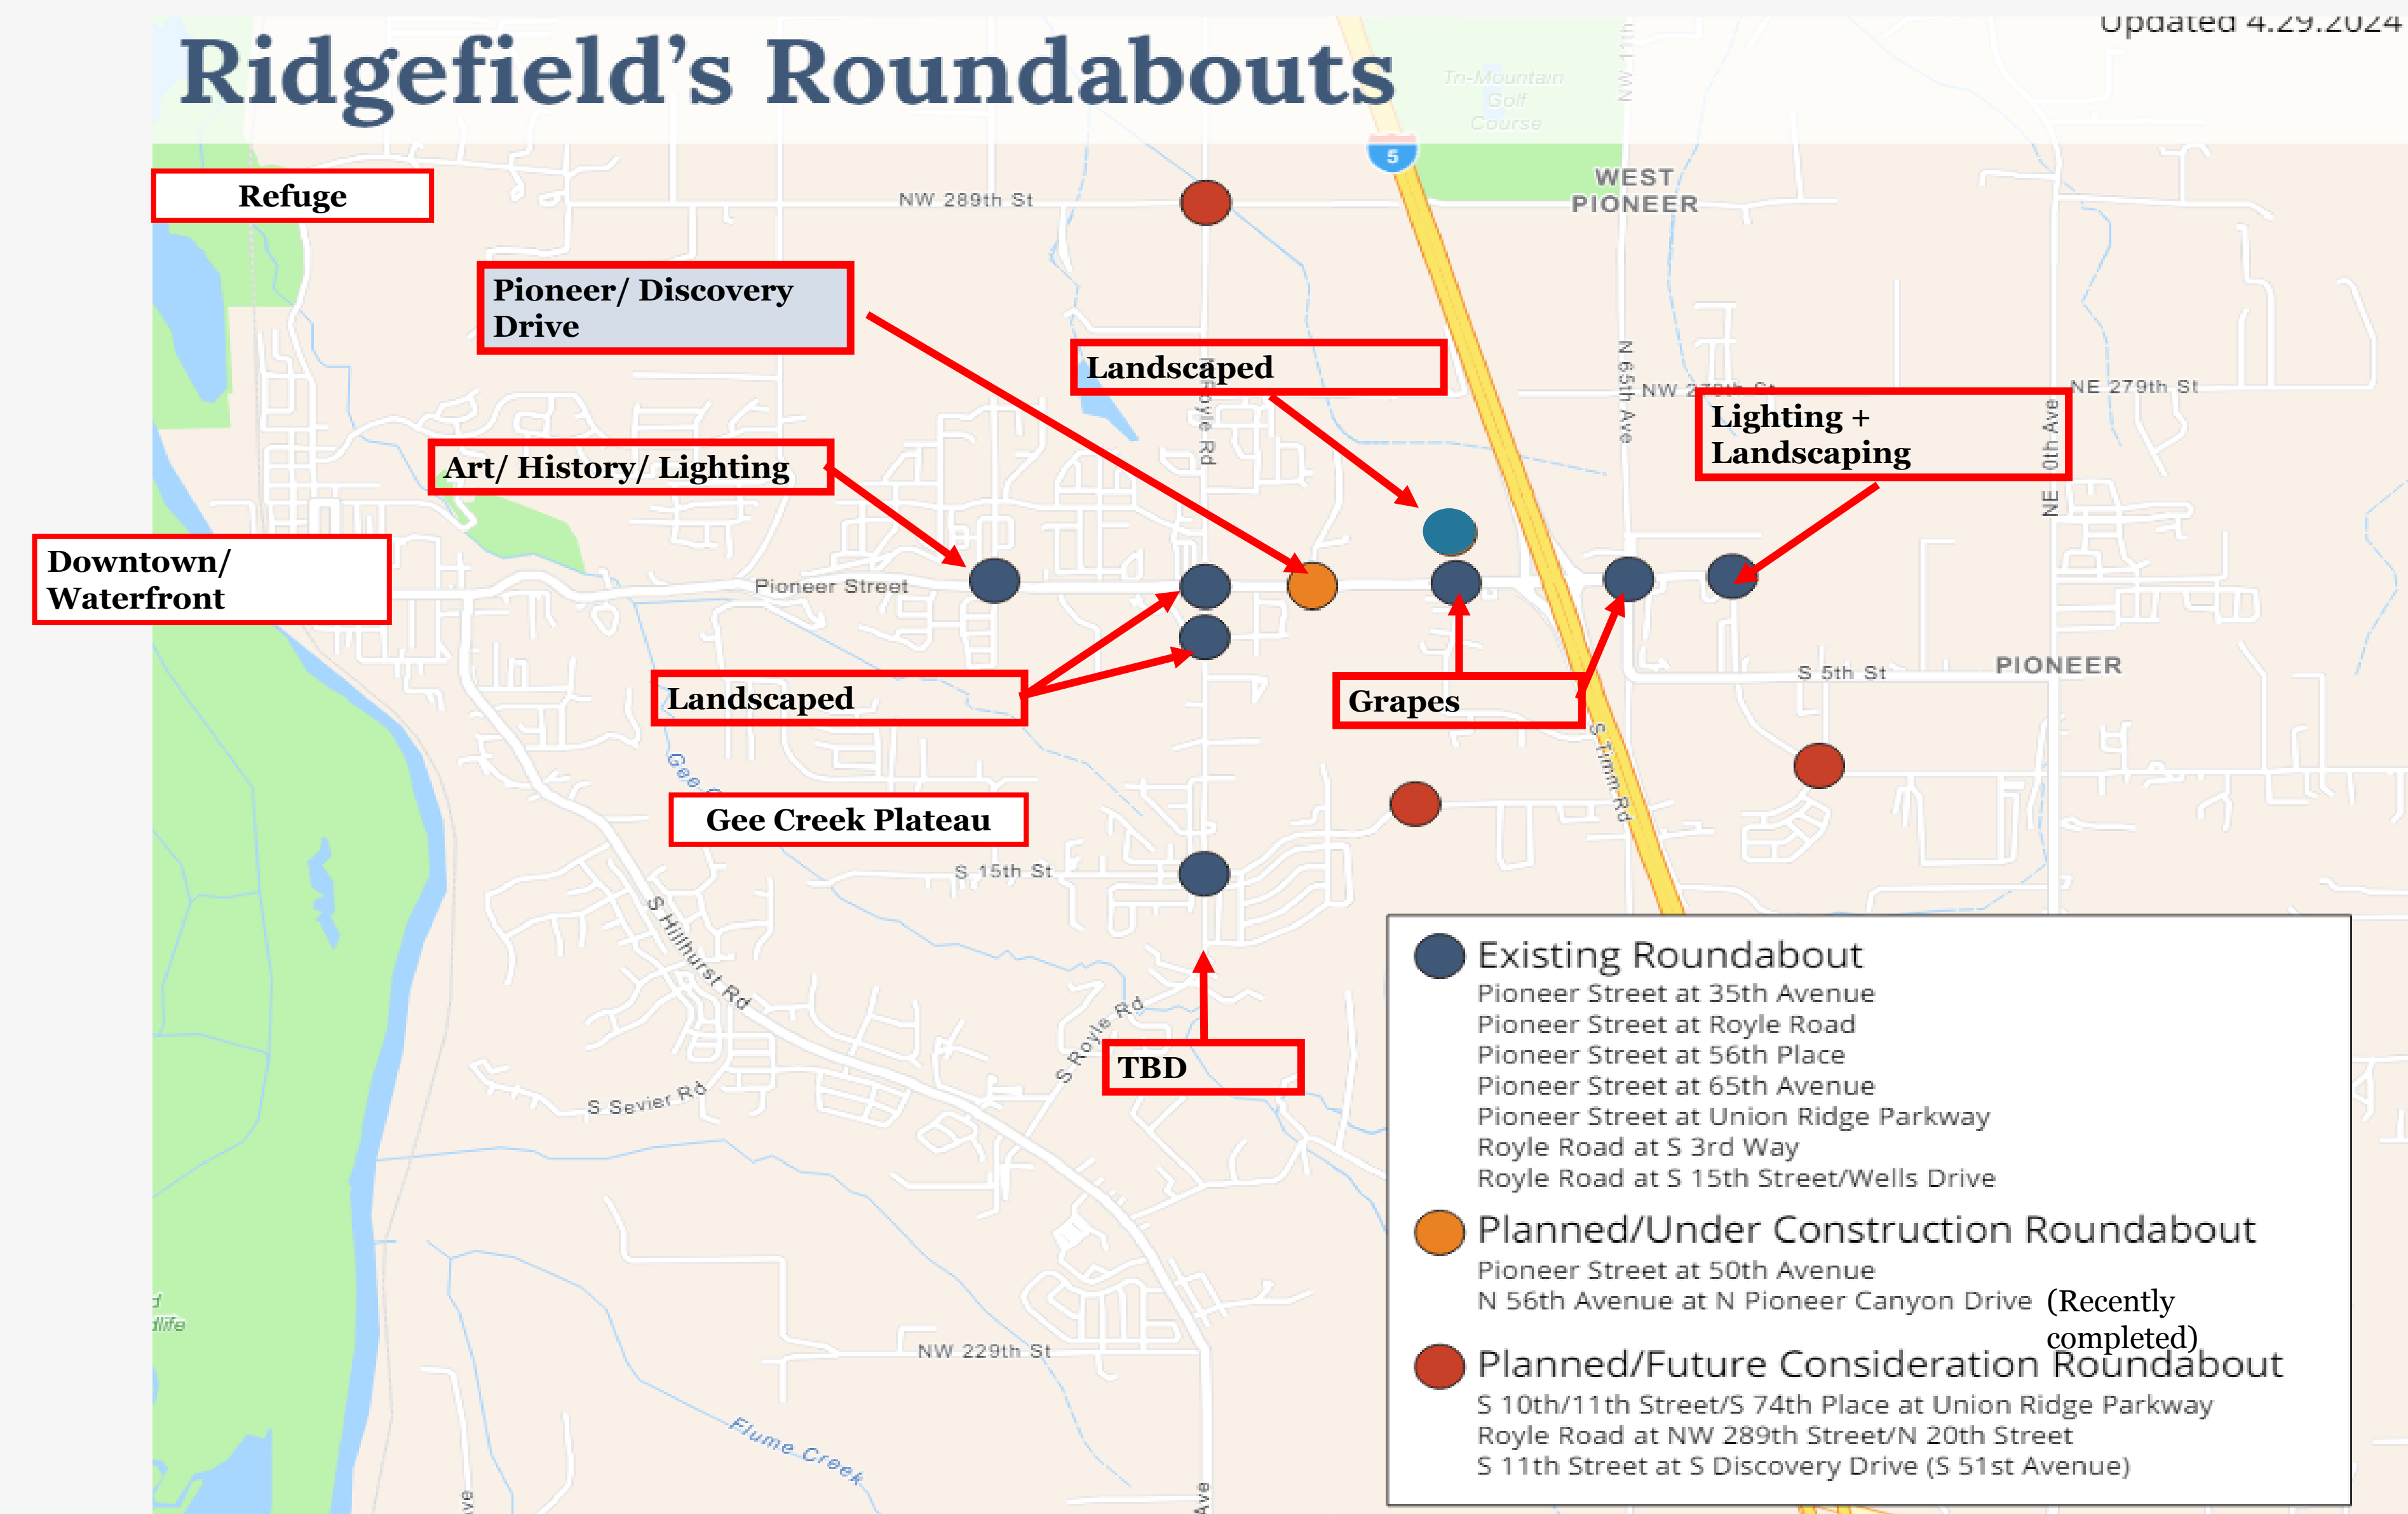

Pioneer Street at Discovery Drive/50th Place Roundabout

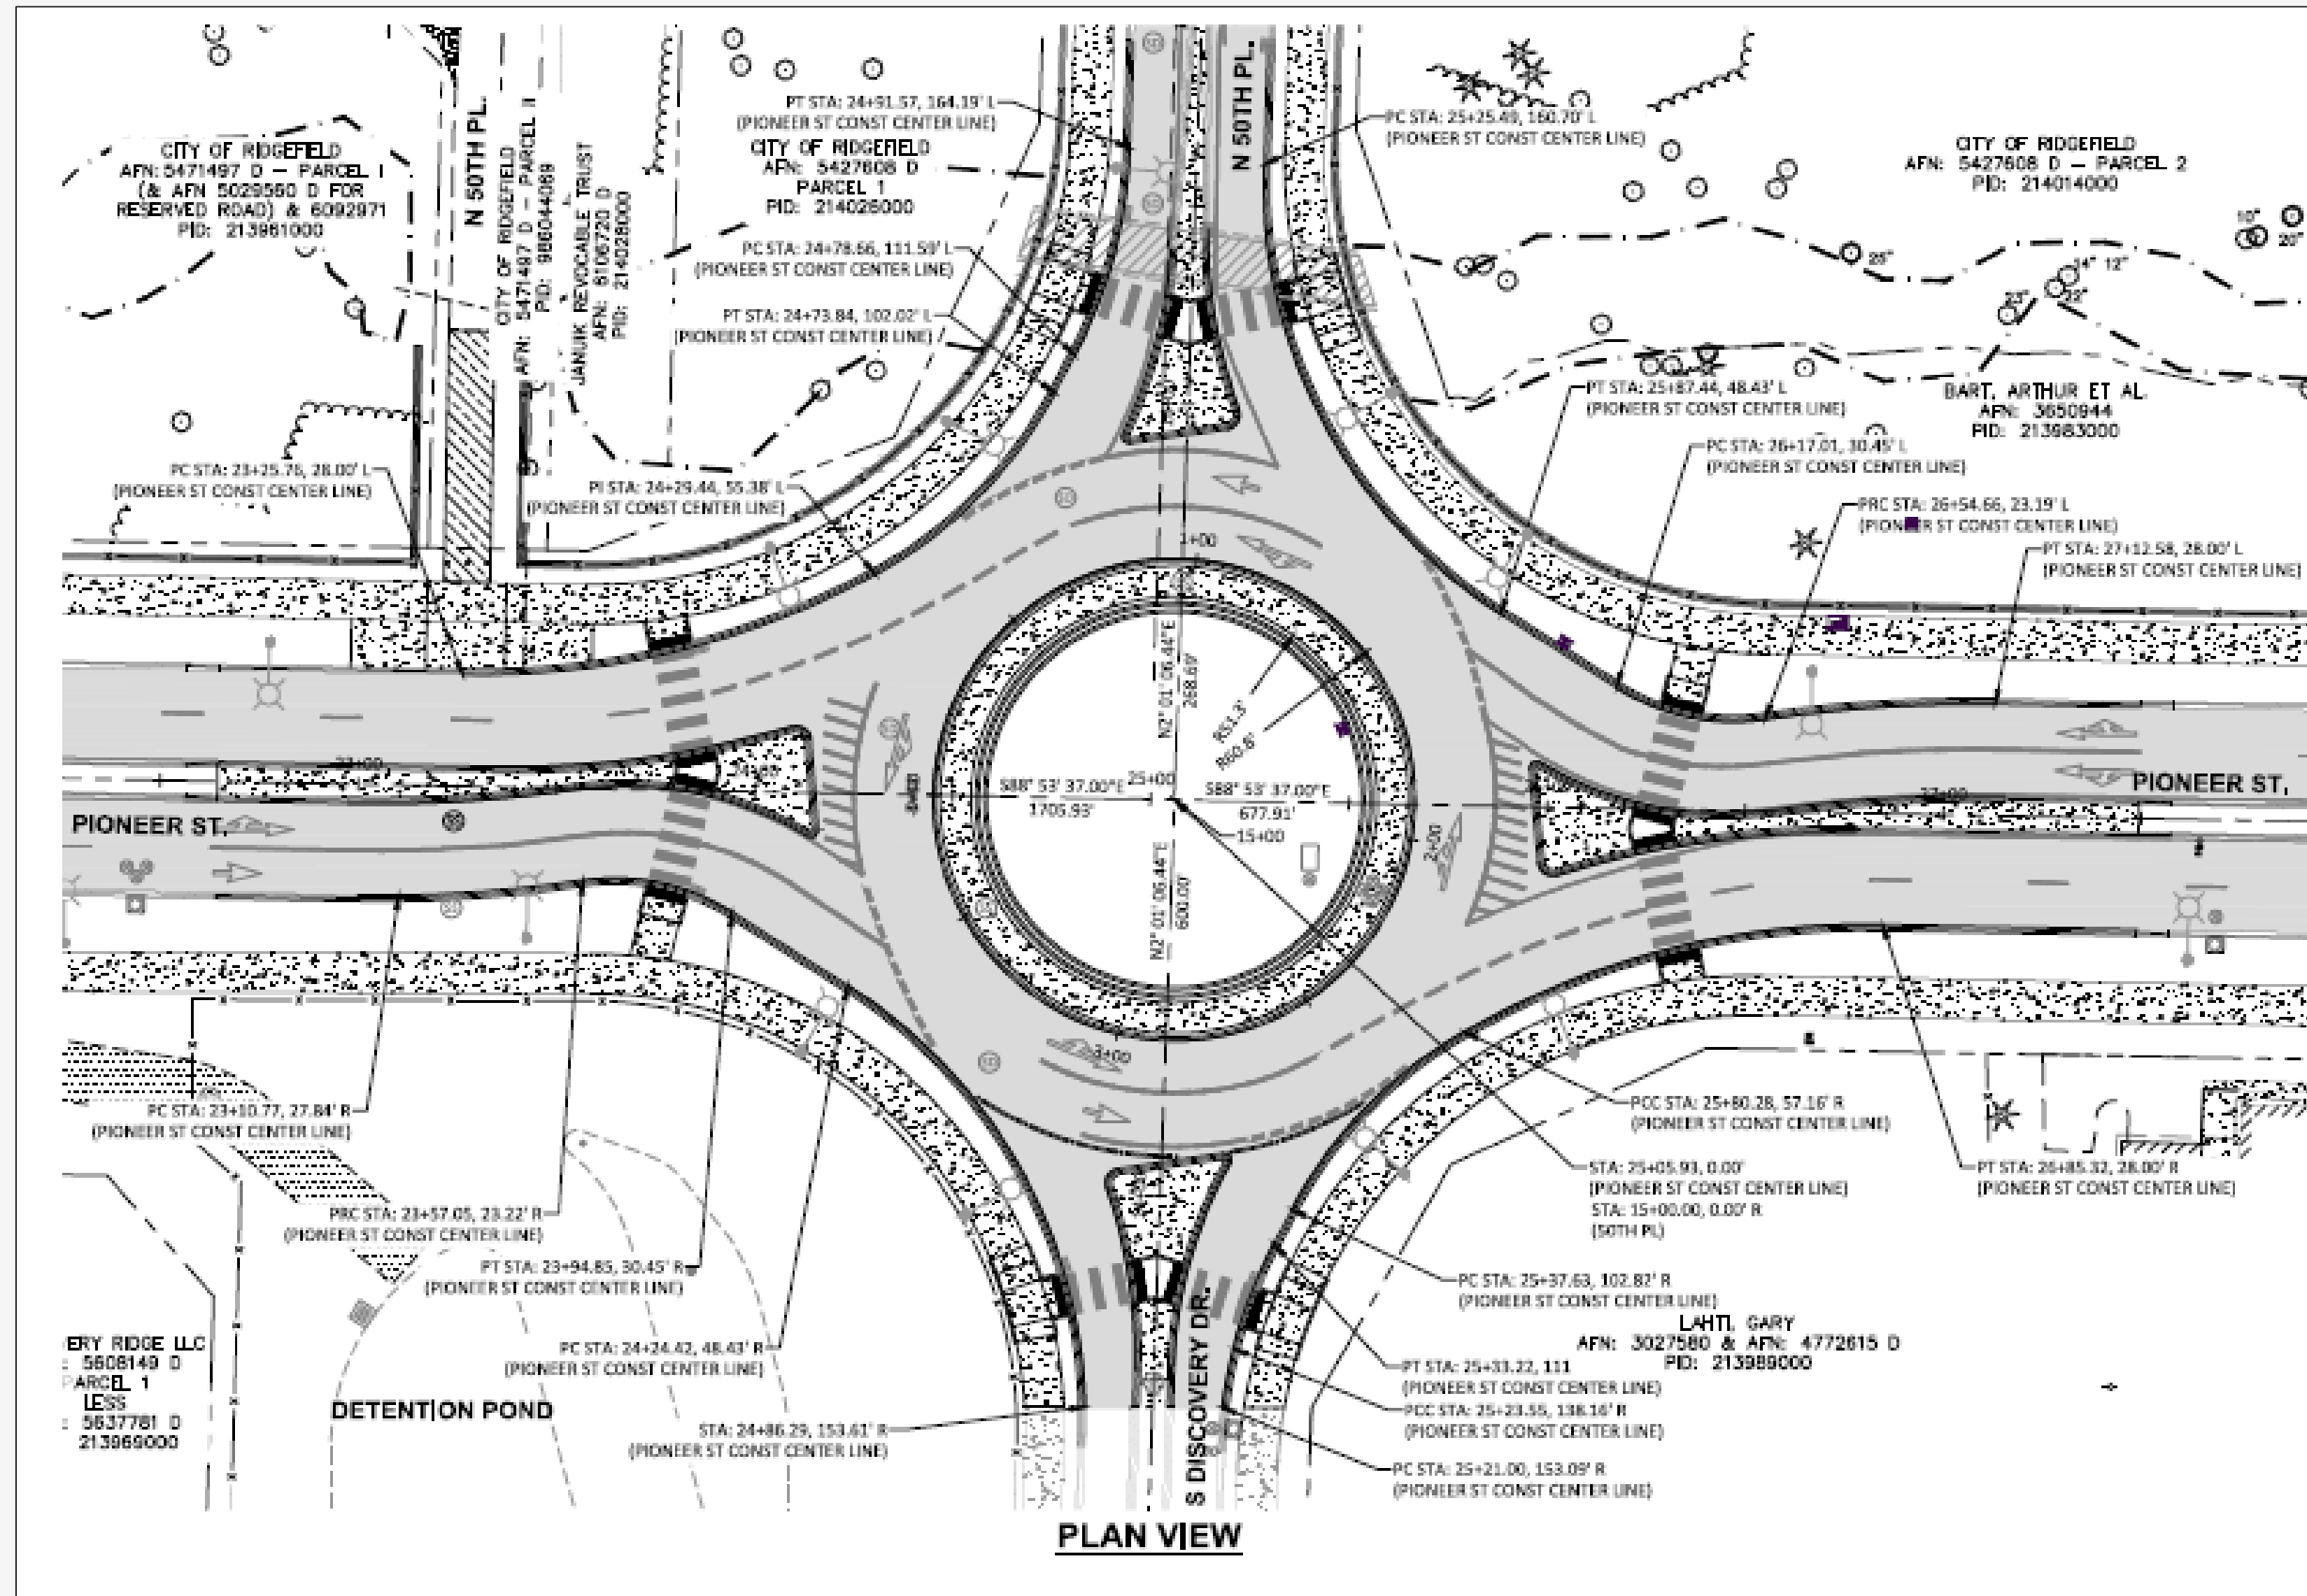

- Will be built with Pioneer Street Widening project
- Is designed to include water for irrigation but power for features

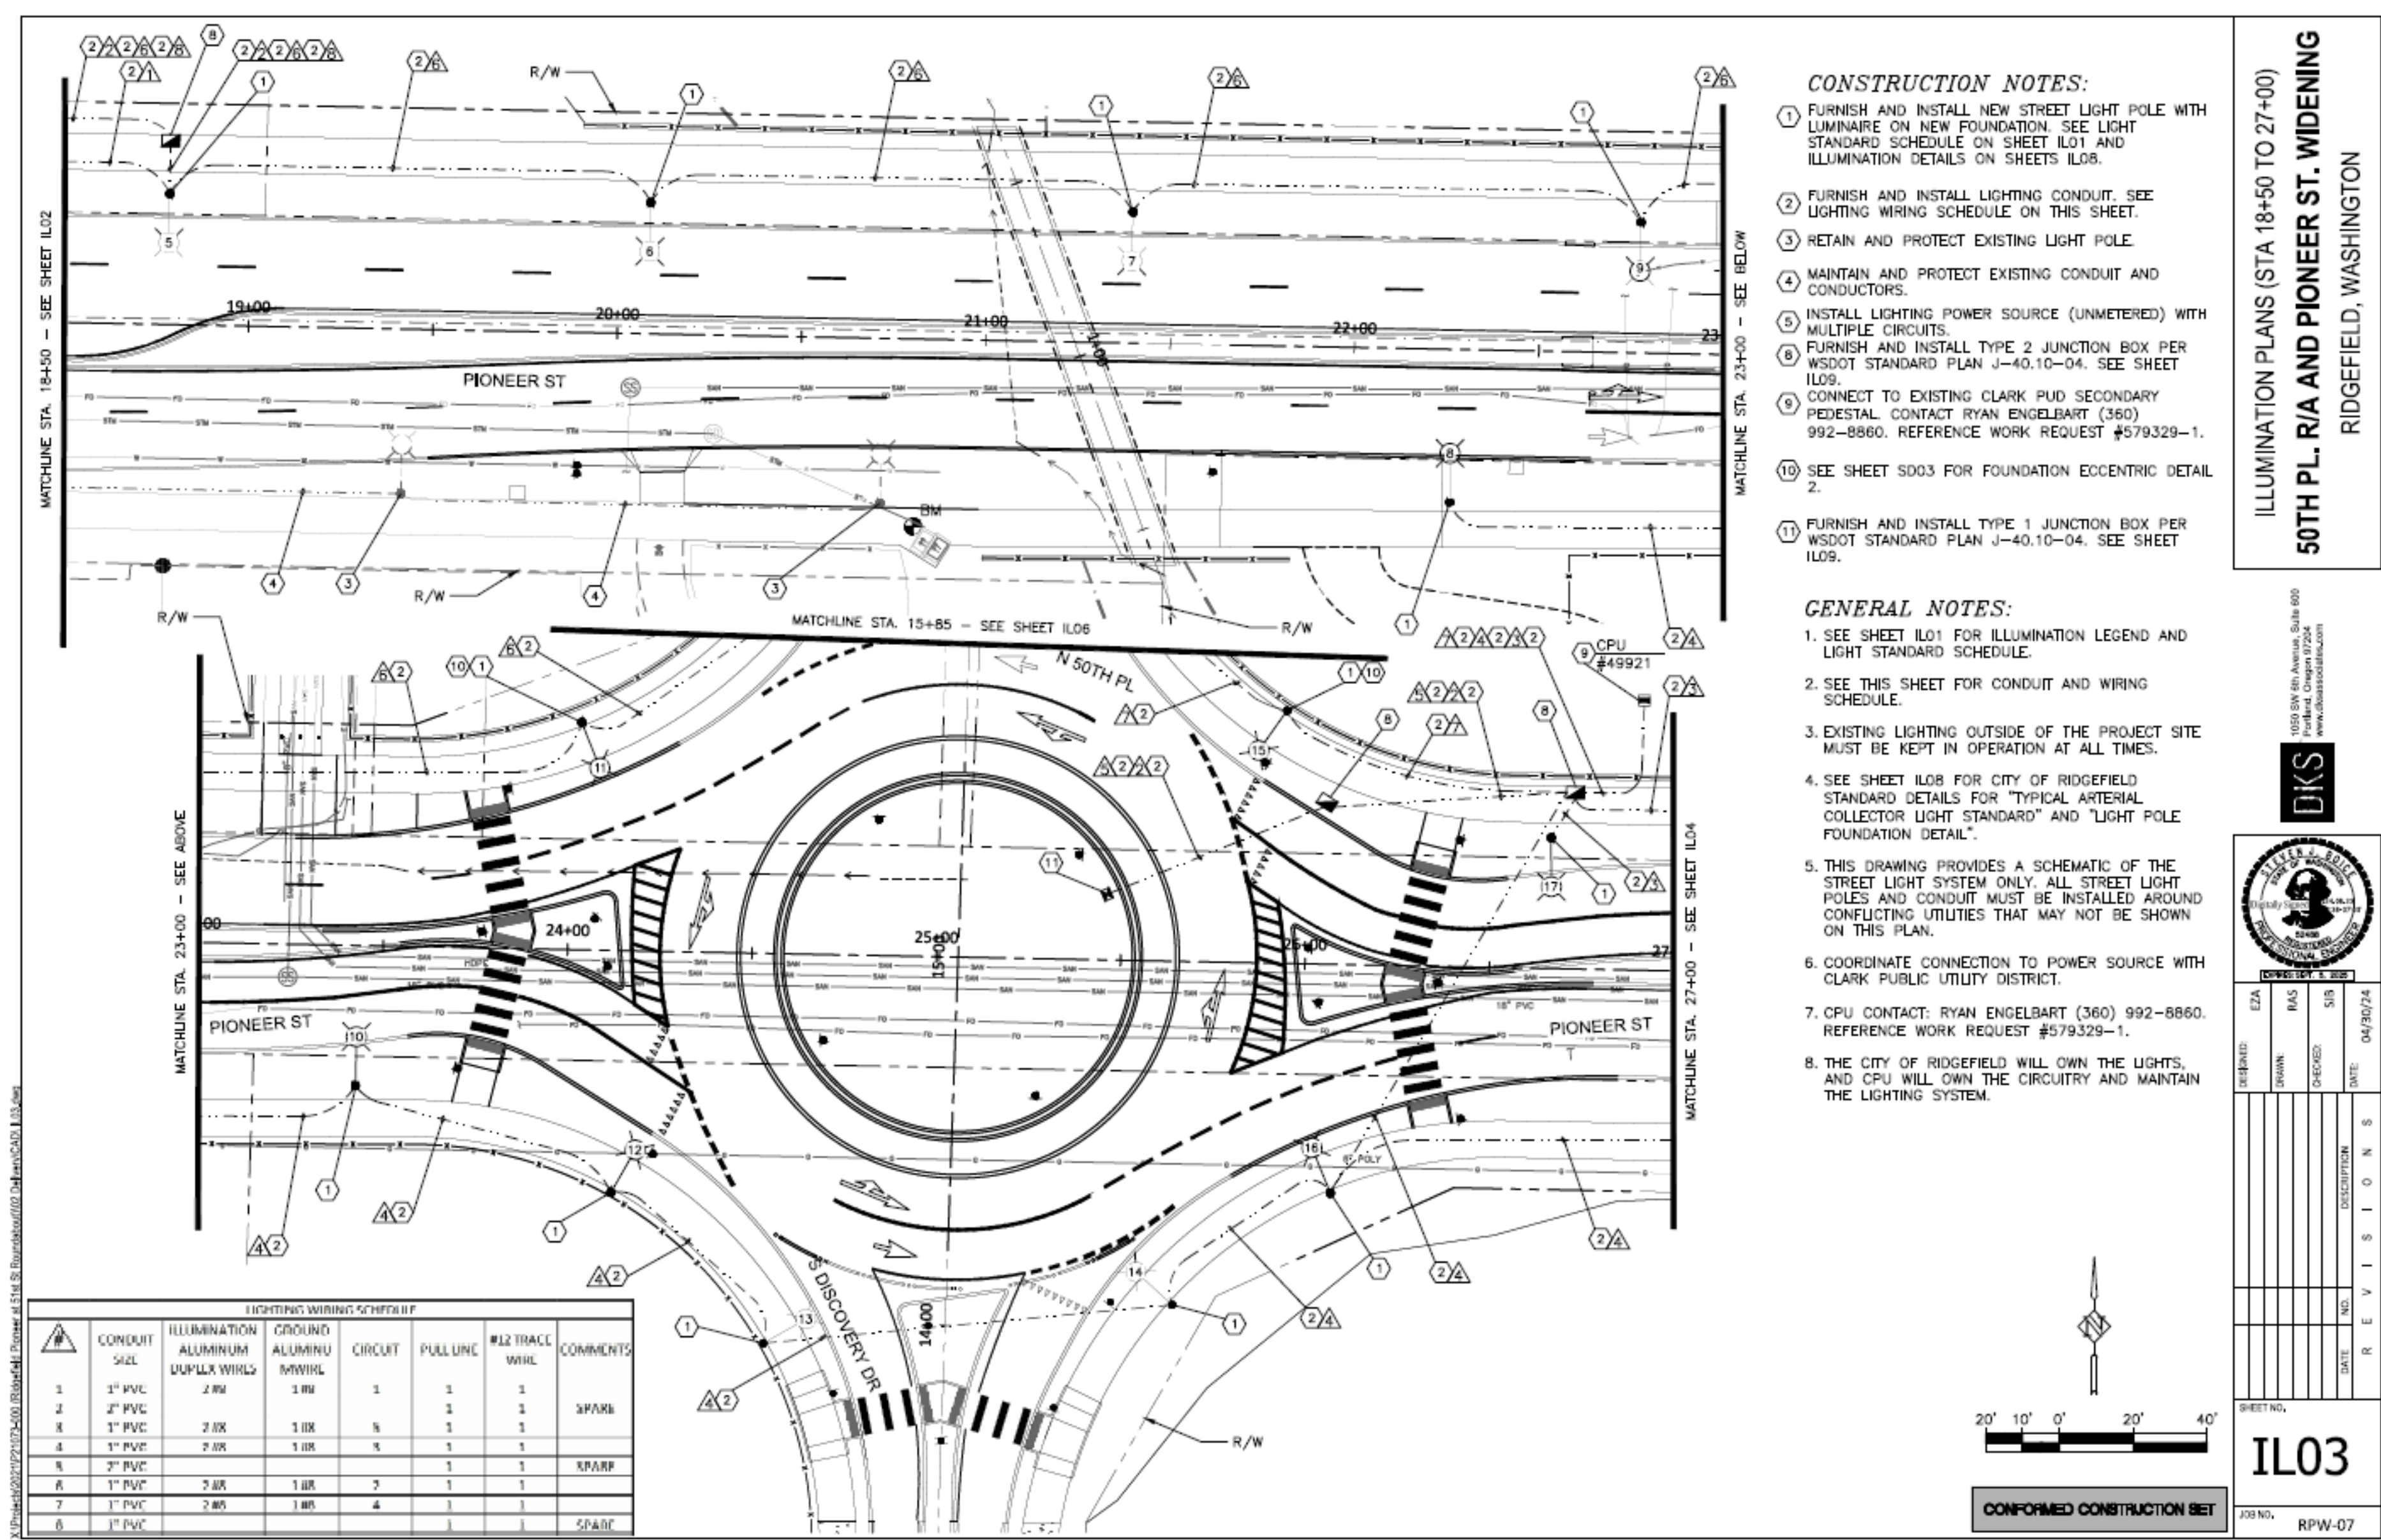

Pioneer Street at Discovery Drive: Adjacent Roundabout Designs

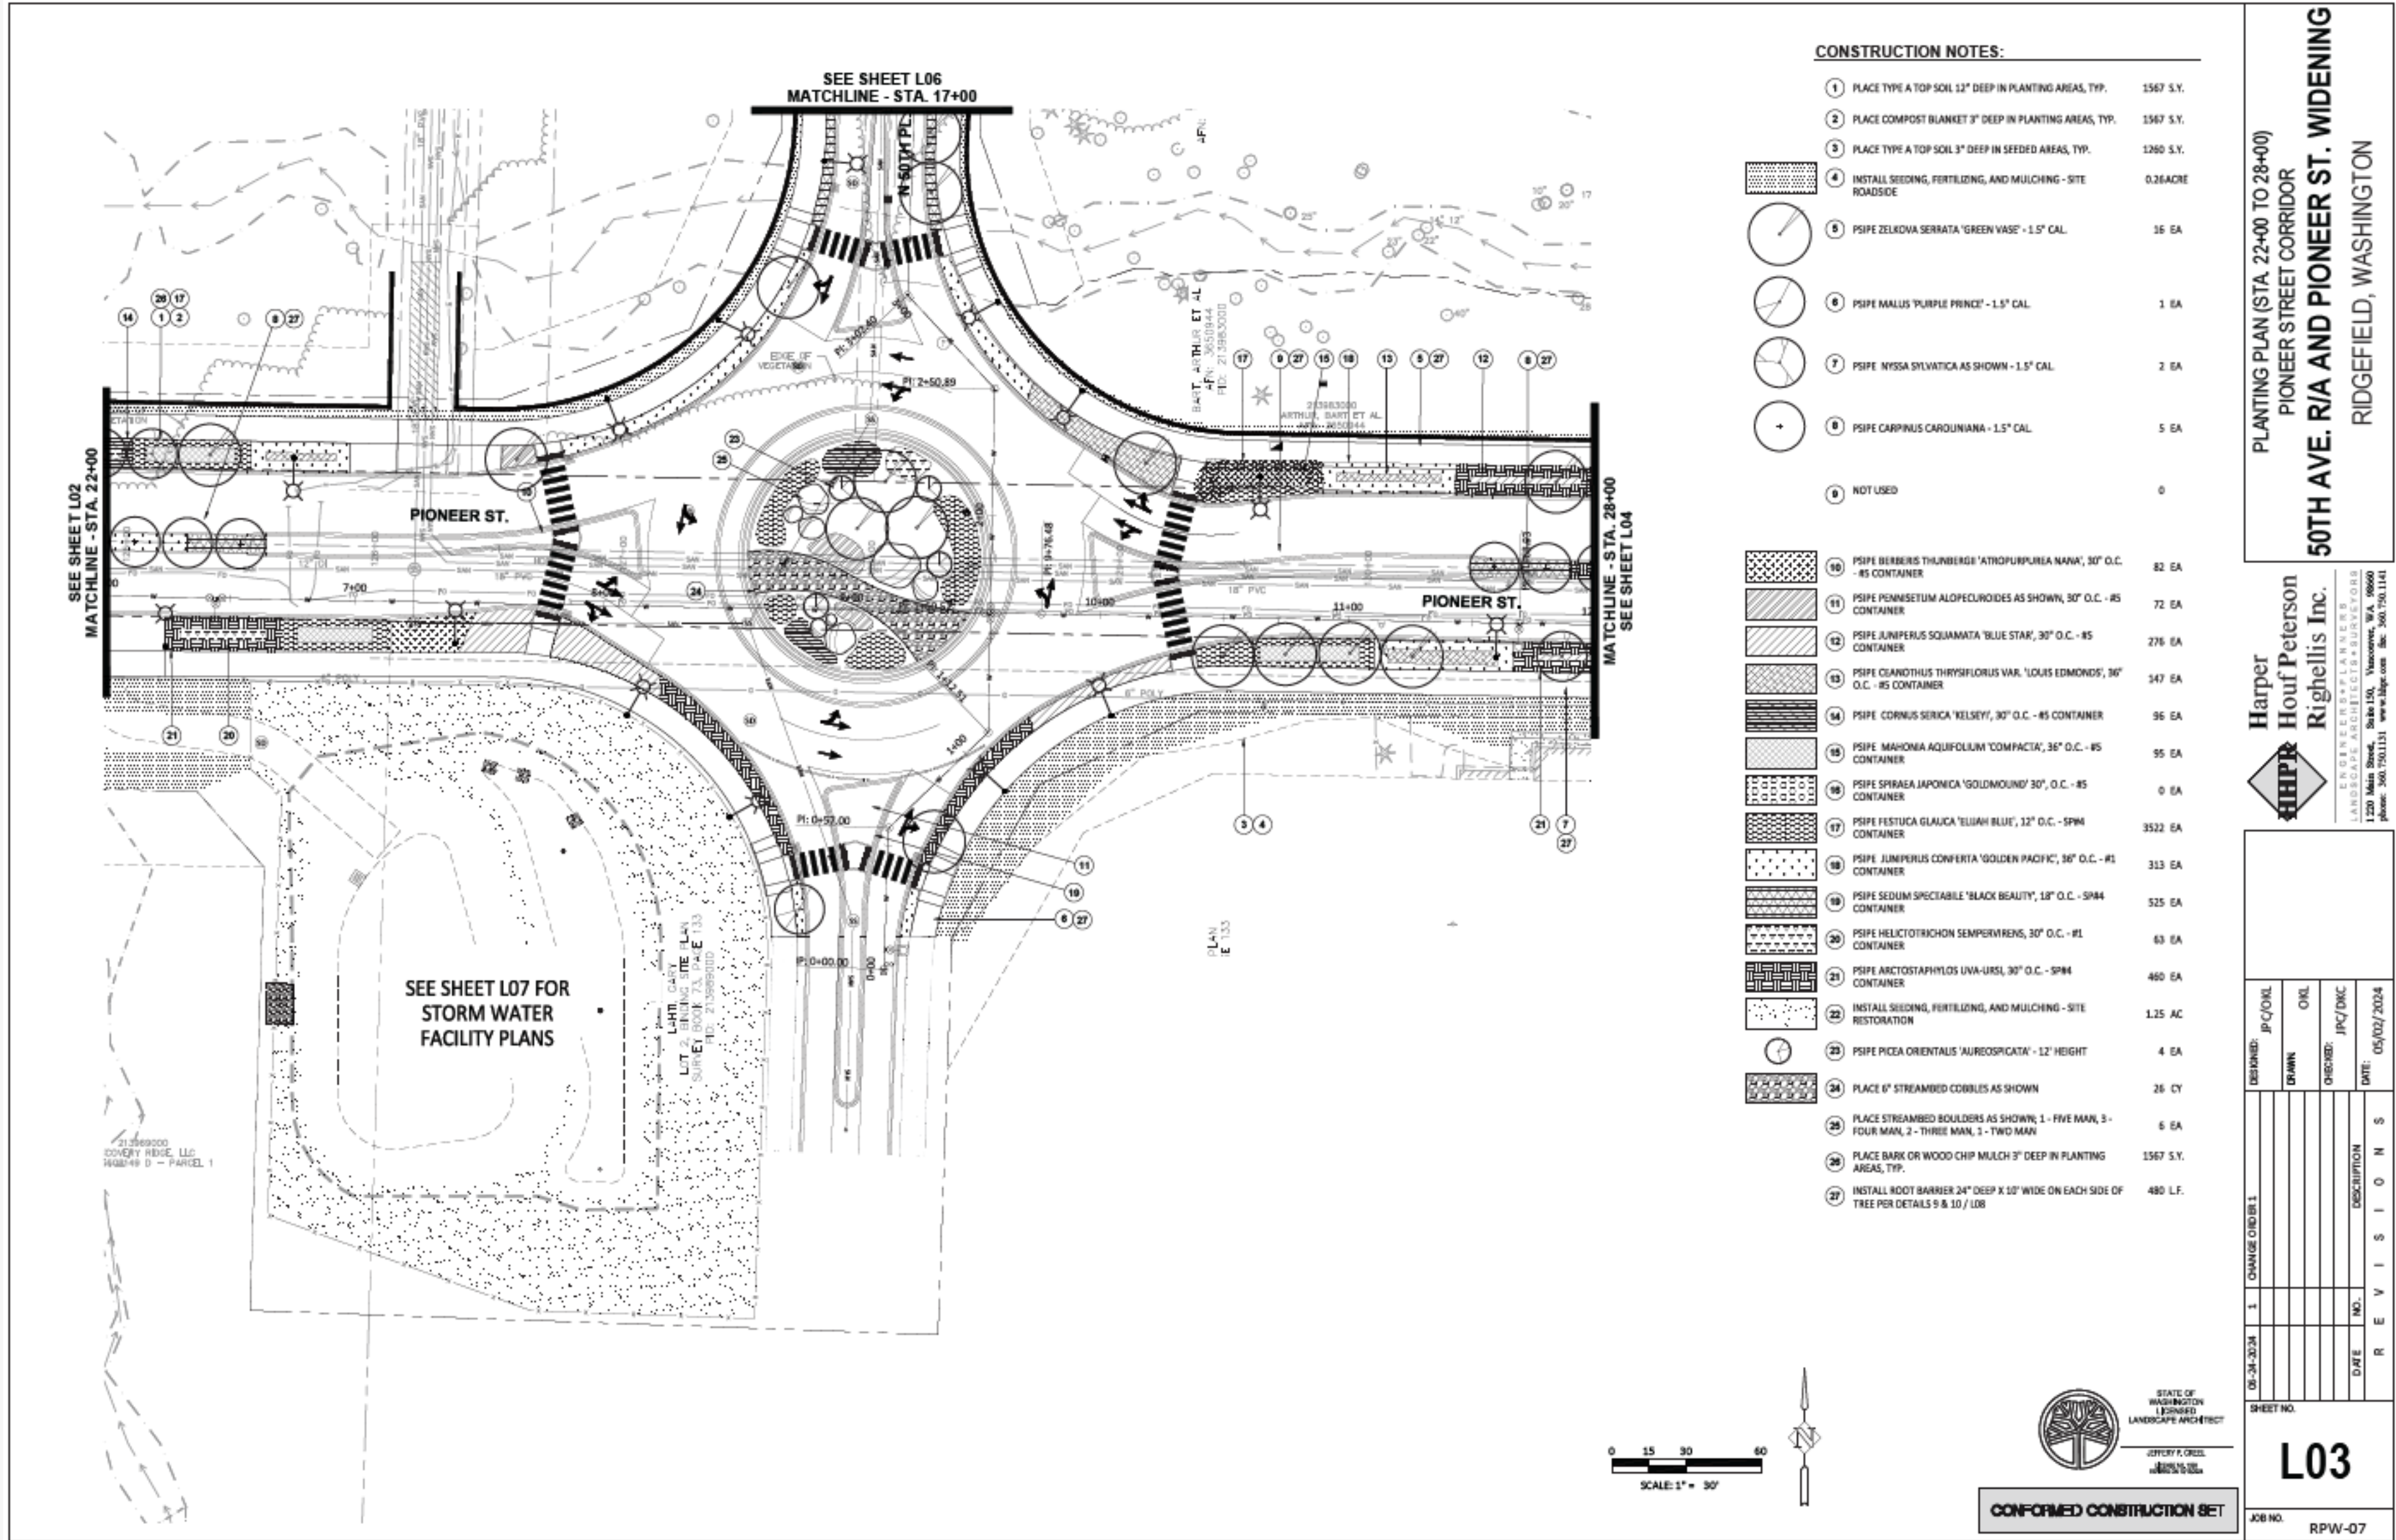

Pioneer Street at Discovery Drive Roundabout Civil Design

Pioneer Street at Discovery Drive Roundabout Electrical/Lighting Design

Pioneer Street at Discovery Drive Roundabout
Landscape Placeholder Design

Pioneer Street at Discovery Drive Roundabout

Council Input

- Low maintenance
- Not too busy or distracting
- Budget-friendly
- Need to include protective “knee wall”
- Carry on with a theme for the roundabout itself
- Lighting not too bright
- Design for a future traffic camera
