IV. BUSINESS

- 1. ELECTION OF OFFICERS FOR 2025 - Chuck Green, Public Works Director**

MOTION: Committee Member Kelley McMorris moved to appoint Heather Gordon to Chair, Ridgefield

Roundabout Committee. Seconded by Committee Member Tim Shell.
Motion Passed.

MOTION: Committee Member Tim Shell moved to appoint Kelley McMorris as Vice Chair, Ridgefield Roundabout Committee. Seconded by Committee Member Heather Gordon.
Motion Passed.

2. Continued Discussion of Pioneer Street at 50th/Discovery Drive Roundabout - Chuck Green, Public Works Director

Committee Member McMorris presented the committee with concepts for the 50th/Discovery Drive Roundabout that were discussed at the previous meeting. Committee members discussed the concepts.

Jeff Creel, Landscape Architect with HHPR, presented the committee with plant selection options for 50th/Discovery Drive Roundabout. The Committee discussed the options presented and invited Jeff back to the meeting in February to present what he has come up with while keeping the committee's vision.

V. STAFF REPORTS

1. Committee Vacancies - Chuck Green, Public Works Director

8:00PM

Diana Allen, Clerk

Chair

**CITY OF RIDGEFIELD
REQUEST FOR BOARD ACTION**

MEETING DATE: February 10, 2025

AGENDA ITEM NAME: Committee Meet and Greet with New Members

SUMMARY/BACKGROUND:

The first 15 minutes or so of the February Committee meeting will be set aside for the opportunity to meet the two new Committee members. They were appointed by Mayor Cole and confirmed by Council at the last Council meeting.

The new members are:

- **Dan Mittelstadt** is a mechanical engineer with a technical job in software sales. From his application: "I am savvy with technology and preparing presentations, spend my time thinking about the end user/ consumer, and have complimentary interests in woodworking, gardening, and cultivating native pollinators. I appreciate working on a team and would fit in to provide value as needed in support of the roundabout design phases." His volunteer activities in Ridgefield include supporting children at Union Ridge and Sunset Ridge. He has an interest in programs like the Community Center / YMCA. and so was interested in the recent related roundabout discussion. He has listened to recent Committee meeting recordings, and hopes to bring another creative/ brainstorming voice, a pragmatic voice, investigative skills to explore ideas, technical skills, and some complimentary knowledge / expertise.
- **Kathleen Huber** brings experience working at San Francisco State University for the Office of the Provost, and has a degree from that institution in US History, with a minor in Geography. She is an avid gardener, and has a wide range of interests "impacted by prior studies, and personal curiosities." She has volunteered over the years starting at the age of 15, when she was a volunteer at a hospital in San Francisco. Locally, she has volunteered for the Sheriff's Posse and Share House. She also notes that her contributions to the Committee will include "The creation of a landscape that is seen as representational must also, I believe, take into consideration many aspects, other than just design. In my opinion such landscapes need include not only a creative look, but one that is utilitarian, cohesive, and safe. I think I have a discerning vantage point to do just that with an open mind."

Let's welcome our two new Roundabout Committee members with some meet-and-greet time to get to know each other before we continue the discussions of the new Pioneer Street at Discovery Drive/50th Place roundabout.

**CITY OF RIDGEFIELD
REQUEST FOR BOARD ACTION**

MEETING DATE: February 10, 2025

AGENDA ITEM NAME: Discussion and Potential Action on Pioneer Street at Discovery Drive Roundabout

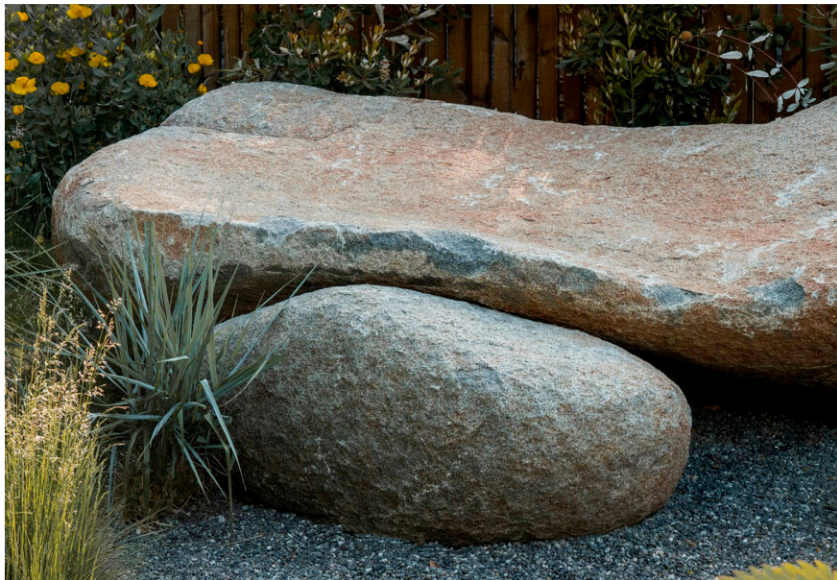

SUMMARY/BACKGROUND:

The Roundabout Committee will continue discussions of and possible recommendations for the Pioneer Street at 50th/Discovery Drive Roundabout. Jeff Creel of HHPR, the landscape designer for the Pioneer Widening and 50th/Discovery Drive Roundabout project, is preparing concepts to respond to Committee comments at the January meeting, as well as input from Clark Regional Wastewater District regarding the existing sewer pipe underneath where the roundabout will be built. He will again be attending to be able to answer questions and provide information related to his concept(s) and the Committee's input.
