Attachment: July 26 2018 Claims Report (Approval of Claims And/Or Payroll)

**CITY OF RIDGEFIELD  
REQUEST FOR COUNCIL ACTION**

**MEETING DATE:** July 26, 2018  
**ITEM:** CONSENT AGENDA  
**AGENDA ITEM TITLE:** Approval of Minutes from July 12, 2018 Meeting

---

**AGENDA ITEM TITLE:**

Approval of minutes from the following meeting(s) of the council:

**GOVERNING LEGISLATION:**

Not applicable

**PREVIOUS COUNCIL ACTION TAKEN:**

Not applicable

**SUMMARY/BACKGROUND:**

Staff has prepared the minutes for Council consideration of adoption for the Council meeting(s)

**BUDGET/FINANCIAL IMPACTS:**

Not applicable

**RECOMMENDED ACTION OR MOTION:**

Staff recommends Council approve the minutes by making the following motion:

**1. "I move to approve the consent agenda"**

**STAFF CONTACT:** Julie Ferriss, City Clerk

**ATTACHMENTS:** 07-12-2018 (PDF)

**CITY OF RIDGEFIELD, WASHINGTON**  
**City Council MEETING MINUTES**  
**July 12, 2018**

**Regular Meeting - 6:30 PM**

**GENERAL SESSION CALL TO ORDER - 6:30 PM - [6:30 PM](#)**

**FLAG SALUTE**

**ROLL CALL**

| Attendee Name | Title     | Status  | Arrived |
|---------------|-----------|---------|---------|
| Ron Onslow    | Councilor | Present |         |
| David Taylor  | Councilor | Present |         |
| Lee Wells     | Councilor | Present |         |
| Don Stose     | Mayor     | Present |         |
| Darren Wertz  | Councilor | Present |         |
| John Main     | Councilor | Present |         |
| Sandra Day    | Councilor | Present |         |

**LATE CHANGES TO THE AGENDA**

**PUBLIC COMMENT - [6:34 PM](#)**

Former Mayor Tevis Laspa was acknowledged by Mayor and City Council for his generous donation of the bronze dog statue located outside of City Hall.

Tevis Laspa - Resident

Thank you for kind words and framed photo.

Economic Catalyst Program - how are you going to pay for it, was not included in the packet. How will funds be reimbursement?

John Nohr - Clark County Fire and Rescue

Provided an update on how 4th of July event went for Clark County Fire & Rescue

Thank you for the opportunity to be part of the community

Lucas Allmaras and Kamble Mcmaking - Resident

Proposing to the City to build a better skate park, current park is not safe and dangerous. Ramps are made from steel.

When traveling to other Cities to use their skate park we are taking our business to them and not staying in Ridgefield.

Tevis Laspa - Resident

Attachment: 07-12-2018 (Approval of Minutes)

Skate Park was constructed when I was Mayor. What would you propose for better ramps?

Lucas Allmaras and Kamble Mcmaking - Resident  
Recommend concrete ramps with steel coping.

Council member Onslow arrived to the meeting 6:39PM.

#### **CONSENT AGENDA - MOTION TO APPROVE AS PRESENTED.**

|                  |                                                |

| <b>RESULT:</b>   | <b>ADOPTED [UNANIMOUS]</b>                     |
| <b>MOVER:</b>    | David Taylor, Councilor                        |
| <b>SECONDER:</b> | Sandra Day, Councilor                          |
| <b>AYES:</b>     | Onslow, Taylor, Wells, Stose, Wertz, Main, Day |

1. Approval of Claims And/Or Payroll
2. Approval of Minutes from June 21, 2018 Meeting

#### **BUSINESS**

##### **1. Motion - Approval of Economic Catalyst Program - [6:40 PM](#)**

For the Economic Catalyst program the development must be located within either the Junction sub-area or the 45<sup>th</sup> and Pioneer sub-area. The proposed economic catalyst is located within the boundaries of the 45<sup>th</sup> and Pioneer sub-area. A market analysis produced by ED Hovee & Company dated June 23, 2015 identified the sub-area as the best opportunity for a grocery anchored community retail development. Additionally the Hovee analysis found "Retail leakage for grocery is estimated at \$35 million for the primary trade area (truncated at the county line) - the most leakage of any store type and likely adequate to support a significant grocery store. Because there are no national/regional grocery operators as yet located in Ridgefield or La Center, grocery sales leakage currently exceeds 90% of locally generated resident demand

City Council conducted discussion.

**MOTION: MOVED TO DESIGNATE PHASE 1 OF THE DISCOVERY RIDGE DEVELOPMENT AS A CATALYST PROJECT AND DIRECT THE CITY MANAGER TO WAIVE DEVELOPMENT FEES FOR THE PROJECT IN THE AMOUNT OUTLINED IN THE STAFF REPORT.**

|                  |                                                |
|------------------|------------------------------------------------|
| <b>RESULT:</b>   | <b>ADOPTED [UNANIMOUS]</b>                     |
| <b>MOVER:</b>    | Ron Onslow, Councilor                          |
| <b>SECONDER:</b> | John Main, Councilor                           |
| <b>AYES:</b>     | Onslow, Taylor, Wells, Stose, Wertz, Main, Day |

#### **PUBLIC HEARING/BUSINESS**

##### **1. Public Hearing and Approval of Resolution No. 540 – 2019-2024 Transportation Improvement Program - Brenda Howell, Staff Engineer**

Per RCW 35.77.010, the legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. The six-year program shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.  
City Council conducted discussion.

Mayor opened the hearing 7:07PM

Roy Garrison - Resident

In the past during public hearing on transportation topic there would a presented displayed on the screen for citizens to follow, not everyone can get packets online.

Mayor closed the hearing 7:08PM

**MOTION: MOVED TO APPROVE RESOLUTION NO. 540 AS PRESENTED.**

Council conducted discussion prior to a vote regarding the visuals of the projects and timing of the Resolution adoption.

|                  |                                         |

- 2015 – \$253,800
- 2014 – \$241,950
- 2013 – \$228,375

# Economic Update

## County Housing Market

The Clark County, Washington real estate marketplace has some unique characteristics. There is a much higher proportion of active residential listings in Clark County that are Proposed, defined as "not yet under construction", than exists in any other RMLS™ area. This means that there are fewer homes listed as Active that are ready to move into in an immediate timeframe.

|                                      |       |
|--------------------------------------|-------|
| Total Active Listings                | 1,462 |
| Listings with Purchase Contingencies | -45   |
| Available Listings                   | 1,417 |
| Under Construction                   | -125  |
| Proposed                             | -120  |
| Total Available Listings for Move In | 1,172 |
| Monthly Inventory Move In Ready      | 1.5   |

### Clark County Stats 2018 YTD May

- Sales – 3,303
- Pending Sales – 3,791
- New Listings – 4,860
- Total Inventory – 1.8 Mo
- Days on Market - 52
- Avg. Sales Price - \$385,600
- 10.8% increase from 2017

### Ridgefield Stats 2018 YTD May

- Active Listings May - 91
- SFR Sales – 129
- Pending Sales – 172 < 11.3%
- New Listings – 262
- Days on Market - 52
- Avg. Sales Price - \$409,800
- Commercial Avg. Sale Price \$398,000 – 1 Sale
- Land Avg. Sale Price \$2,347,000 – 2 Sales

# Economic Update

## County Housing Market

According to a report from the National Association of Home Builders (NAHB) confidence remains elevated yet builders are concerned that tariffs on steel, aluminum, and lumber are making construction more expensive, limiting the number of properties built. Indeed, record high lumber prices have increased the cost of a single-family home by \$9,000 since January of 2017. According to the NAHB report: “Builders are encouraged by growing housing demand, but they continue to be burdened by rising construction material costs.”

Source: National Association of Home Builders

June housing starts are down 12.3% from May according to the U.S. Census Bureau

# Economic Update

## Median Sale Price 2016-2018

Clark County median sales price has increased 9% in 2018 compared to 2017.

Portland Metro median price \$231 per square foot.

Clark County median price \$203 per square foot.

Ridgefield median price \$201 per square foot in Ridgefield.

Ridgefield median price of homes currently listed \$445,500

Ridgefield median price of homes currently sold \$378,100

A blue heron is captured in mid-flight over a calm body of water, likely a pond or marsh. The bird's wings are spread wide, showing a mix of blue and brown feathers. The background is a dense wall of green trees and foliage, with sunlight filtering through the leaves, creating a dappled light effect on the water's surface. The water reflects the surrounding greenery and the bird. In the foreground, some out-of-focus green leaves are visible on the left side.

THANK YOU

## CITY OF RIDGEFIELD REQUEST FOR COUNCIL ACTION

**MEETING DATE:** July 26, 2018

**ITEM:** BUSINESS

**AGENDA ITEM TITLE:** Amendment to Financial Policy #01: Financial Management

### **GOVERNING LEGISLATION:**

State of Washington Budgeting, Accounting and Reporting System Manual and Government Accounting Standards Board – Pronouncement No. 54 pertaining to fund balance. City of Ridgefield Financial Policy #01: Financial Management.

### **PREVIOUS COUNCIL ACTION TAKEN:**

Council originally adopted Financial Management Policies by Resolution No. 324 on August 24, 2006. Council subsequently amended the policy on January 11, 2011 by Resolution No. 396; and on October 9, 2014 by Resolution No. 466; and on August 27, 2015 by Resolution No. 493; and on August 25, 2016 by Resolution No. 512.

### **SUMMARY/BACKGROUND:**

Per the City's formal budget policy both financial and budget policies are reviewed each year during the budget process. Revisions in the Financial Management Policy have been made to reflect language changes in guidance documents from the Governmental Accounting Standards Board. These changes mainly cover the language Fixed Assets changing to Capital Assets. Staff reviewed the policy to insure best practice and industry standards are up to date.

The main update to the policy is the addition of section XIV on page 13 "Measurement Focus, Basis of Accounting and Financial Statement Presentation. This section is from the annual financial statements and specifies how the city measures the receipt and timing for accrual of revenues and expenses. Staff are recommending adding the section related to the timing and accrual of invoices received after the end of the fiscal year. The addition of the measurement basis related to expense will help facilitate timely completion of annual financial statements and reduce the possibility of error from multiple revisions for late invoices from city vendors.

City staff also removed reference to sewer fund operating revenue as it is no longer applicable with the transfer of operations to Discovery Clean Water Alliance and Clark Regional Waste Water District.

### **BUDGET/FINANCIAL IMPACTS:**

No financial impacts are anticipated

### **RECOMMENDED ACTION OR MOTION:**

---

Staff recommends that Council adopt Resolution No. 541 as presented by making the following motion:

**"I move to adopt Resolution No. 541 as presented."**

**STAFF CONTACT:**

Kirk Johnson, Finance Director

**ATTACHMENTS:**

Policy #01 Financial Management Policies 2018 Redlined  
(DOCX)

Policy #01 Financial Management Policies 2018 Clean (PDF)

**Resolution No.541****AMENDMENT TO FINANCIAL POLICY #01: FINANCIAL MANAGEMENT**

WHEREAS, the City of Ridgefield established financial management policies by the adoption of Resolution No. 324 on August 24, 2006; and amended the policies by the adoption of Resolution No. 396 on January 27, 2011; and amended the policies by the adoption of Resolution No. 466 on October 9, 2014; and amended the policies by the adoption of Resolution No. 493 on August 27, 2015; and amended the policies by the adoption of Resolution No. 512 on August 25, 2016; and

WHEREAS, the City deems it necessary to update these financial management policies by amending the policy to provide a more detailed document matching industry standards and best practices; and

WHEREAS, these policies provide the guidelines for City Council to use in making policy decisions that can have significant fiscal impact on the City; and

WHEREAS, these policies are designed to promote sound financial management, minimize financial risk, and maintain appropriate financial capacity to meet current and future financial needs.

**NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF RIDGEFIELD, WASHINGTON, DOES HEREBY RESOLVE AS FOLLOWS:**

Section 1. The City Council of the City of Ridgefield approves the updated version of the financial management policies, a copy of which is attached and referenced as Exhibit A.

Section 2. The City Manager, Finance Director, and Deputy City Manager are hereby authorized to implement such policies as necessary to carry out the directions of this Resolution.

Section 3. Effective date of this Resolution shall be in full force and effect on the date adopted by the City Council.

ADOPTED AT A REGULAR SESSION BY THE CITY COUNCIL OF THE CITY OF RIDGEFIELD, WASHINGTON ON THE 26TH DAY OF JULY, 2018.

CITY OF RIDGEFIELD

---

Don Stose, Mayor

### PURPOSE

To provide the necessary tools to ensure the City is capable of meeting its immediate and long-term financial and service level objectives. These policies serve as guidelines for both financial planning and internal financial management of the City.

The City of Ridgefield is accountable to its citizens for the use of public dollars. Resources must be used wisely to ensure adequate funding for the services, public facilities, and infrastructure necessary to meet the community's present and future needs.

### OBJECTIVES

1. To guide City Council in management policy decisions that have significant fiscal impact.
2. To set forth operating principles that minimize the cost of government and financial risk.
3. To implement balanced and fair revenue policies that provide adequate funding for desired programs.
4. To maintain appropriate financial capacity for present and future needs.
5. To promote sound financial management by providing accurate and timely information on the City's financial condition.
6. To protect the City's credit rating and provide for adequate resources to meet the provisions of the City's obligations on all municipal debt.
7. To ensure the legal use of financial resources through an effective system of internal controls.

## I. GENERAL INFORMATION

The City of Ridgefield uses the Washington State Auditor's Office prescribed ~~B~~udgetary, ~~A~~ccounting and ~~R~~eporting ~~S~~ystem (BARS) for local governments.

### Funds

Funds are used to account for and record designated information. A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

### Fund Types:

#### General Government Funds:

General Government funds are accounted for on a modified accrual basis of accounting. Following are the General Government funds used by the City.

*General Fund:* The General Fund is used to account for all of the financial resources of the government, except those required to be accounted for in another fund.

*Special Revenue Funds:* Special revenue funds are used to account for the proceeds of specific special revenue sources legally restricted or committed to expenditures for specific purposes.

*Debt Service Funds:* Debt Service funds are used to account for accumulation of resources for and payment of general government long-term debt principal and interest. It does not include the payment of principal and interest on debt associated with an enterprise fund.

*Capital Projects Funds:* Capital projects funds are used to account for financial resources used in the acquisition or construction of capital facilities or infrastructure not financed by proprietary or trust funds.

#### Proprietary (Business Type) Funds:

Proprietary funds are used to account for the proprietary or business-type activities for the City. Proprietary funds consist of enterprise funds and internal service funds. Enterprise funds are accounted for on a full accrual basis of accounting.

*Enterprise Funds:* Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing the goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are maintained on a full accrual basis of accounting.

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

*Internal Service Funds:* Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis. The City's Equipment Replacement Fund is established as an Internal Service Fund.

### II. BUDGET MANAGEMENT

#### Budget Development

Refer to **Financial Policy #07: Budget** for more detailed information.

Department directors have primary responsibility for formulating budget proposals in accordance with City Council and City Manager priority direction, and for implementing the budget once they are adopted.

The Finance Department is responsible for conducting the overall preparation and administration of the City's budget. This includes providing information on revenues and expenditures, updating costs and revenues, organizing data in an understandable fashion, and creating and providing tools for budget development.

The Finance Department assists department management in developing their budget proposals including identifying and analyzing budget issues, formulating solutions and alternatives, and implementing any necessary changes.

The budget is prepared and implemented on an annual basis in accordance with RCW 35A.33. The budget includes revenue and expenditure categories that correspond to the State's Budgeting, Accounting and Reporting System (BARS) categories.

The City develops budgets for the General and Enterprise operating funds, Special Revenue, and Equipment Replacement funds of the City. Budgets are also developed in the Debt Service fund to account for principal and interest payments and in the Capital Project fund to account for capital expenditures and associated capital funding sources.

#### Budget Adjustments and Amendments

The City Council adopts the budget at the fund level. Budget amendments are needed when total expenditures in a fund are expected to exceed the adopted budget for that fund. This may occur due to policies or programs approved by the City Council after the budget was adopted or due to unanticipated expenses. In addition, the City Council may choose to amend the budget in the event of a material change in the City's revenue sources during the year. Minor changes to anticipated revenues or expenditures do not require City Council to adopt a budget amendment. Budget amendments are authorized by City Council through an ordinance.

Budget adjustments within the City Council adopted budget for a fund proceed as follows:

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

- The Finance Department receives a request for a budget adjustment from a department. Budget changes can also occur based on new information or documentation that the Finance Department receives directly.
- The Finance Department reviews the request. Adjustments that simply move budget amounts within a department and that do not represent a change in a policy or program are processed by the Finance Department. Budget adjustments that increase the budgeted amount for one department that are offset by decreases in another department are reviewed by the City Manager or other designated person. If approved, the Finance Department makes the requested adjustment as long as it does not change the total budget for the fund.
- Council approval is required if the requested adjustment changes the total budget for a fund. The Finance Department will verify whether there are sufficient resources for the adjustment, and prepare a budget adjustment and ordinance for Council approval.

### Budget Monitoring

Budgets are developed and monitored at the line item level, but are managed at the fund level. A department director can overspend on one line item within their department without the need for a budget adjustment as long as it is balanced out by an under expenditure on another line item. The total expenditures for a fund cannot exceed the total budget for the fund.

Department directors are responsible and accountable for their department budget.

Monthly reports that compare budget to actual will be created by the Finance Department and provided to the appropriate department director for review and response if large discrepancies are identified.

### City Positions and Staffing Levels

The budget approved by the City Council will fund a number of authorized full time equivalent City positions. The City's authorized positions, will be included in the budget document and/or included in labor agreements approved by City Council. City Council will approve any new permanent City positions prior to the positions being filled. Temporary and seasonal positions do not require City Council approval as long as the expenditure to support them is provided for in the adopted budget.

## III. REVENUES

The City will strive to maintain a diversified and stable revenue system to shield the City from short-term fluctuations from any one revenue source.

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

The City will work to develop and maintain sustainable revenue sources to ensure its viability over the long term.

Revenue estimates adopted by City Council should be made with consideration to the sensitivity of both local and regional economic activities.

The City will establish all user charges at a level associated with the cost of providing the service.

The City will set fees and user charges for each enterprise fund, such as Water, and Storm Water Drainage, at a level that, along with other anticipated revenue, fully supports the total direct and indirect cost of the activity provided.

Grant revenue sources will be acquired and used whenever possible.

### IV. EXPENDITURES

The City will only propose ongoing operating expenditures that can be supported by ongoing operating revenues.

The City will maintain a level of expenditures consistent with the level of services that will meet the goals and mission of the City as approved by the City Council.

Expenditures funded by one-time only sources, such as grants, must be identified and noted as such. Expenditures funded by these sources will not be included in subsequent budgets once the funding source no longer exists.

The City will maintain expenditure categories according to State statute and administrative regulation.

Expenditures associated with a grant revenue source will be identified and recorded against the corresponding grant.

### V. ~~FIXED-CAPITAL~~ ASSETS

Refer to **Financial Policy #09: Capitalization of Assets** for more detailed information.

The City of Ridgefield will maintain a ~~fixed-capital~~ asset system that meets Generally Accepted Accounting Principles (GAAP) ~~and GASB 34~~ reporting requirements.

A ~~fixed-capital~~ asset system will be maintained to identify all City assets and their condition.

~~Fixed-Capital~~ assets are maintained for both the General Government and Enterprise funds.

Straight line depreciation will be calculated and charged appropriately against the asset.

### VI. FUND BALANCE

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2016~~ August 25, 2016

References:

Fund balances are created and maintained to provide capacity to:

1. Offset significant downturns in the economy.
2. Provide sufficient cash flow to meet daily financial needs.
3. Meet all statutory and City Council approved loan covenant requirements for required debt reserves to pay debt service.
4. Maintain the ability to meet scheduled equipment repair and replacement needs that sustain city services at an acceptable level to prevent physical deterioration of city assets.
5. Provide the capacity to pay large unanticipated expenses, such as the payment of vacation and sick leave balances for employees that retire or leave employment with the City.

Fund Balance represents the difference between the fund's assets and the fund's liabilities. A positive fund balance should be maintained to properly manage a fund.

Reserves are a portion of the fund balance that is restricted or categorized to use for a designated purpose. The following definitions (though the City may not use all of these categories at any one time) are published by the Governmental Accounting Standards Board – Pronouncement No. 54:

- Non-spendable: Amounts that cannot be spent due to form; for example, inventories, prepaid amounts, long-term and notes receivables, and other restricted items. Also includes amounts that must be maintained intact legally or contractually.
- Restricted: Amounts constrained for a specific purpose by external parties, or constitutional provision, such as a requirement for revenue bonds to set aside funds in a debt service reserve account.
- Committed: Amounts constrained or restricted for a specific purpose by a government using its highest level of decision-making authority. Action by the legislative authority is required to remove or change this amount.
- Assigned: Used for funds to classify any remaining positive amounts not identified as non-spendable, restricted or committed. These amounts should not result in a deficit in unassigned fund balance.
- Unassigned (remaining fund balance that is not reserved): This is the excess or residual amount of resources that exceed the amount expended, less amounts identified as non-spendable, restricted, committed or assigned. If the residual amount is negative, the assigned amount should be reduced accordingly.

The City has determined the need to create the following reserves and fund balances with the priority identified:

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

### **Priority #1- Debt Service Reserve:**

*Purpose:* This reserve account will be established by any fund that budgets debt service, as an expense item in the fund. The purpose of this account is to create the financial ability to pay for principal and interest due on outstanding debt.

*Amount:* The amount allocated will be determined by bond issuance and/or loan covenant requirements and adjusted annually. The amount will come from a portion of the annual operating revenue generated in the fund that pays debt service.

*Category:* Identified as a "Committed" fund balance.

### **Priority #2 - Operations and Maintenance Reserve:**

*Purpose:* This reserve account will be established by any fund that budgets ongoing operations and maintenance. The purpose of this account is to create the financial ability to pay operating expenses from month to month given the routine and seasonal fluctuations in the City's revenue and expenses.

*Amount:* The General Fund and Street Fund operations and maintenance reserve will be set at 60 days of prior year actual operating expenses. The operations and maintenance reserve for Enterprise Funds (water and storm water) will be set at 90 days of prior year actual operating expenses. Reserve amounts will be updated annually during the budget process. The source of the operations and maintenance reserve will come from the amount of annual operating revenue that exceeds the annual operating expenses for a fund.

*Category:* Identified as "Unassigned" fund balance.

### **Priority #3 - Revenue Stabilization Reserve:**

*Purpose:* This reserve account will be established in the General Fund. The purpose of this reserve account is to provide the financial ability to cover operating expenses during a longer term revenue shortfall due to reduced ongoing revenue receipts or a downturn in the economy. This reserve will allow the City to sustain service levels while the City Council implements policies that respond to and mitigate the revenue shortfall.

*Amount:* The amount will be calculated annually at 10% of the prior year actual revenues less any one-time revenues such as grant allocations and inter-fund transfers.

*Category:* Identified as "Unassigned" fund balance.

### **Priority #4 - Capital Reserve:**

*Purpose:* This reserve account will be used by any fund that budgets capital and/or large maintenance projects as an expense item in the fund or uses a capital projects fund to budget and pay for these expenses. The purpose of this account is to create the financial ability to pay for unanticipated capital needs typically resulting from a natural disaster or other unanticipated

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

References:

event that damages City infrastructure. This fund may with specific appropriation by City Council be used for investment in revenue producing capital projects.

*Amount:* The amount allocated will be calculated at 1% of prior year net ~~fixed capital~~ assets. The amount will come from a portion of the annual operating revenue generated in the fund that pays for these types of projects.

*Category:* Identified as "Assigned" fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as "Committed" fund balance.

### **Priority #5 - Capital Repair and Replacement Reserve (Enterprise Funds)**

*Purpose:* This reserve account will be used to set aside funds for future repair and replacement of utility infrastructure. The purpose of this account is to create the financial ability to pay for repair or replacement of existing utility infrastructure at the end of the assets useful life, or in the event of a failure of the asset. Use of these funds for specific repair and replacement projects must be appropriated by City Council through the budget process or by emergency declaration in the event of a significant failure of the asset.

*Amount:* The amount will be allocated on an annual basis as 5% of the previous year utility receipts from rates and will be deposited into a separate fund balance. The minimum target fund balance for this account is 2% of the historical cost for infrastructure, not to include machinery and equipment which is included in the Equipment Replacement Fund Reserve in the accompanying utility fund.

Replenishment of Reserves – The following criteria will be used to restore the Capital Repair and Replacement Reserve Fund based upon the minimum reserve guideline:

1. If the reserves are drawn down by 25-50% of reserve fund balance, then a budgetary plan shall be implemented to return the reserve level to between 75-100% of the minimum reserve balance over a 5-7 year period.
2. If the reserves are drawn down by 10-25% of reserve fund balance, then the budgetary plan to restore the minimum reserve balance shall be structured over a 3-5 year period.
3. If the reserves are drawn down by 0-10% of reserve fund balance, then the budgetary plan to restore the minimum reserve balance shall be structured over a 1-3 year period.

*Category:* Identified as "~~Assigned~~Unrestricted" fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as "Committed" fund balance.

### **Priority #6 - Equipment Repair and Replacement Reserve:**

Financial Policy #01: Financial Management

Effective Date: ~~August 25~~ July 26, 2018~~6~~

Page 10 of 16

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

*Purpose:* This reserve account will be set-up as a separate fund to account for equipment replacement for existing City equipment and vehicles. The purpose of this fund is to create the financial flexibility to plan for replacement of these types of expenses, maintaining the City assets at an acceptable level to prevent physical deterioration.

*Amount:* The amount allocated will be determined by a financial model used to track the funds needed to replace existing vehicles and equipment at the end of their useful life. The amount allocated to the reserves will be updated annually during the budget process.

*Category:* Identified as "Assigned" fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as "Committed" fund balance.

The City will make every effort to create and maintain the fund balances and reserves identified above and based on the priorities established. The City is aware that needs may change over time and fund balance reserve amounts may be redistributed within a fund to meet the needs that occur at a given time. If it is determined that funds need to be redistributed within a fund, the fund balance with the lowest priority will be redistributed first to allow the ability to meet the need of a higher priority fund balance. In all cases, council approval or budget enactment is required before changing or redistributing the amounts allocated to a reserve account.

### VII. PURCHASING

Refer to **Financial Policy #04: Procurement of Goods and Services** for more detailed information.

The City shall commit to the following guidelines:

- Comply with all federal, state, and local laws, adopted codes, ordinances, and stated policies in its procurement process.
- Buy competitively and wisely to obtain maximum value for the public resource dollars spent.
- Afford all bidders an equal opportunity to quote and compete on equal terms.
- Initiate and promote good, continuous vendor relations, as well as, reliable alternate sources of supply.
- Buy from suppliers who maintain adequate financial strength, high ethical standards, a record of adhering to specifications and who will maintain integrity in payment terms, delivery and service.

### VIII. CAPITAL IMPROVEMENTS

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

The City will make capital improvements in accordance with an adopted capital improvement plan.

The capital investment program and the base operating budget will be reviewed at the same time. This will insure that the City's capital and operating needs are balanced with each other.

The City will develop a multi-year plan for capital improvements including operations and maintenance costs and update it every two years or sooner if needed. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in the economic base will be calculated and included in the capital budget projections.

The City will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to Council for approval. The City will use intergovernmental grants, loans and other outside resources whenever possible.

### IX. LOCAL IMPROVEMENT DISTRICTS (LID):

LID's are formed to provide an alternative means of financing for property owners, within a defined geographical area, to make improvements benefiting their property.

Improvements financed by the Local Improvement District (LID) may include street and sidewalk construction, construction of water distribution and storm water collection facilities. Assessments are determined by the size and location of each property in relation to the improvement and the benefit to the property.

An LID may be initiated by City Council resolution or by petition of the majority of property owners along the frontage of the improvement, within the boundaries of the district. Refer to RCW 35.43 for authority.

The formation of a Local Improvement District is limited to specific instances and can apply as follows:

- When a group of property owners wish to accelerate development of a certain improvement; or
- When a group of property owners desire a higher standard of improvement than the City's project contemplates; or
- When a group of property owners request City assistance in LID formation to fund internal neighborhood transportation facilities improvements.

LID projects may or may not have City funding involved. If City funding is proposed by the project sponsors (property owners), they shall request it from the City Council (through the City Clerk) in writing before the LID promotion activity begins.

### X. LATECOMER AGREEMENTS

Refer to Ridgefield Municipal Code chapter 3.90 for more detailed information.

As a source of financing capital improvements, the City may work with private developers to construct projects identified in the capital facilities plan.

The City shall collect a connection or impact fee from future developers that utilize the capital improvement and reimburse the developer that built the initial capital improvement.

Construction projects considered under this agreement:

- The project must be a project identified in the adopted capital facilities plan
- The project extension must serve anticipated future development.
- The project requires prior approval by the Community Development Director or Public Works Director.
- The latecomer agreement must be approved by City Council prior to construction.

Payment of any latecomer fee shall occur within 15 years of final acceptance of construction.

Documentation of the actual project costs and the agreement with current participants must be made prior to any reimbursements.

The reimbursements shall not exceed that amount which brings participant costs equal to zero.

### XI. DEBT MANAGEMENT

Refer to **Financial Policy #10: Debt Management** for more detailed information.

The Debt Policy for the City of Ridgefield sets forth guidelines for the issuance and management of all financings of the City. Adherence to the policy is essential to ensure that the City maintains a sound debt position and protects the credit quality of its obligations while providing flexibility and preserving financial stability.

### XII. INVESTMENTS

Refer to **Financial Policy #08: Investments** for more detailed information.

The policy on investment applies to the investment of all City funds excluding pension funds or trust accounts. The primary objective of investment activities shall be: 1) Safety of principal that seeks to minimize potential losses; 2) Liquidity of cash to sufficiently meet all operating requirements; and 3) Return on investment that allows for the highest market rate of return throughout budgetary and economic cycles.

## Financial Policy #01: Financial Management

Effective Date: ~~August 25, 2016~~ July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; ~~August 27, 2015~~ August 25, 2016

References:

The City of Ridgefield authorized investment officers will perform their duties in a manner consistent with the standard of a "prudent person," as defined in RCW 43.250.040. A prudent person is defined as "exercising the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of the funds considering the probable income as well as the probable safety of the capital." The investment officer is the Finance Director.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

The City may invest in any of the securities identified as eligible investments as defined by RCW's: 35A.40.050, 39.59, 43.250, and 43.84.080. These include: Certificates of Deposit, United States Securities, Bankers' Acceptances, Repurchase Agreements and Certificates, and Notes and Bonds of the State of Washington. The City may also create investment accounts with the Clark County Treasurer's Office per RCW 36.29.020, and the Local Government Investment Pool per RCW 43.250.040. Speculative investments are not allowed.

Investment transactions shall be conducted with approved broker/dealers selected by credit worthiness and other selection criteria. Broker/dealers must be registered to provide investment services in the State of Washington.

The policy shall be to assure no single institution or security is invested into, to such an extent that a delay of liquidation at maturity is likely to cause a current cash flow emergency.

### XIII. ACCOUNTING, AUDITING AND FINANCIAL REPORTING

The City will establish and maintain a high standard of accounting practices.

The accounting system will maintain records on a basis consistent with ~~Generally Accepted Accounting Principles~~ standards for local government accounting and the State of Washington Budgeting, Accounting, and Reporting Systems.

Regular monthly, quarterly and annual financial reports will present a summary of financial activity by major types of funds. Monthly reports will also include a summary of the investment activities by type of investment.

Where feasible, the reporting system will also provide monthly information on the total cost of specific services by type of expenditure and, if necessary, by fund.

The State Auditor's Office will audit City records annually or biannually, depending upon audit requirements, and will issue a financial opinion.

## MEASUREMENT

### ~~C~~XIV. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

Basis of accounting refers to the point at which revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements report the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The City considers taxes as available if they are collected within 60 days after year end. Expenditures are accrued to the period the liability is incurred if the invoice is received within 60 days of the end of the current fiscal period for all amounts, when received between day 61 and day 75 invoices exceeding \$25,000 will be accrued, and no accrual will occur after day 75 in order to facilitate preparation of financial statements and the year-end close, generally are recorded when a liability is incurred, as under accrual accounting. However, ~~d~~Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, franchise fees, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and ~~so have been~~ will be recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule the effect of interfund activity ~~has been~~ is eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water, ~~and~~ storm water ~~and sewer~~ function and various other

functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Storm Water Funds are charges to customers for sales and services. Operating expenses for these funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. ~~The principal operating revenue of the Sewer Fund is Management Fee revenue received from operating the treatment plant owned by the Alliance. Operating expenses for these funds include the cost of managing the treatment plant and capital equipment and infrastructure purchased/constructed for the Alliance.~~ All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

## PURPOSE

To provide the necessary tools to ensure the City is capable of meeting its immediate and long-term financial and service level objectives. These policies serve as guidelines for both financial planning and internal financial management of the City.

The City of Ridgefield is accountable to its citizens for the use of public dollars. Resources must be used wisely to ensure adequate funding for the services, public facilities, and infrastructure necessary to meet the community's present and future needs.

## OBJECTIVES

1. To guide City Council in management policy decisions that have significant fiscal impact.
2. To set forth operating principles that minimize the cost of government and financial risk.
3. To implement balanced and fair revenue policies that provide adequate funding for desired programs.
4. To maintain appropriate financial capacity for present and future needs.
5. To promote sound financial management by providing accurate and timely information on the City's financial condition.
6. To protect the City's credit rating and provide for adequate resources to meet the provisions of the City's obligations on all municipal debt.
7. To ensure the legal use of financial resources through an effective system of internal controls.

## I. GENERAL INFORMATION

The City of Ridgefield uses the Washington State Auditor's Office prescribed Budgetary, Accounting and Reporting System (BARS) for local governments.

### Funds

Funds are used to account for and record designated information. A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

### Fund Types:

#### General Government Funds:

General Government funds are accounted for on a modified accrual basis of accounting. Following are the General Government funds used by the City.

*General Fund:* The General Fund is used to account for all of the financial resources of the government, except those required to be accounted for in another fund.

*Special Revenue Funds:* Special revenue funds are used to account for the proceeds of specific special revenue sources legally restricted or committed to expenditures for specific purposes.

*Debt Service Funds:* Debt Service funds are used to account for accumulation of resources for and payment of general government long-term debt principal and interest. It does not include the payment of principal and interest on debt associated with an enterprise fund.

*Capital Projects Funds:* Capital projects funds are used to account for financial resources used in the acquisition or construction of capital facilities or infrastructure not financed by proprietary or trust funds.

#### Proprietary (Business Type) Funds:

Proprietary funds are used to account for the proprietary or business-type activities for the City. Proprietary funds consist of enterprise funds and internal service funds. Enterprise funds are accounted for on a full accrual basis of accounting.

*Enterprise Funds:* Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing the goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are maintained on a full accrual basis of accounting.

*Internal Service Funds:* Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the

# Financial Policy #01: Financial Management

References:

governmental unit on a cost reimbursement basis. The City's Equipment Replacement Fund is established as an Internal Service Fund.

## II. BUDGET MANAGEMENT

### Budget Development

Refer to **Financial Policy #07: Budget** for more detailed information.

Department directors have primary responsibility for formulating budget proposals in accordance with City Council and City Manager priority direction, and for implementing the budget once they are adopted.

The Finance Department is responsible for conducting the overall preparation and administration of the City's budget. This includes providing information on revenues and expenditures, updating costs and revenues, organizing data in an understandable fashion, and creating and providing tools for budget development.

The Finance Department assists department management in developing their budget proposals including identifying and analyzing budget issues, formulating solutions and alternatives, and implementing any necessary changes.

The budget is prepared and implemented on an annual basis in accordance with RCW 35A.33. The budget includes revenue and expenditure categories that correspond to the State's Budgeting, Accounting and Reporting System (BARS) categories.

The City develops budgets for the General and Enterprise operating funds, Special Revenue, and Equipment Replacement funds of the City. Budgets are also developed in the Debt Service fund to account for principal and interest payments and in the Capital Project fund to account for capital expenditures and associated capital funding sources.

### Budget Adjustments and Amendments

The City Council adopts the budget at the fund level. Budget amendments are needed when total expenditures in a fund are expected to exceed the adopted budget for that fund. This may occur due to policies or programs approved by the City Council after the budget was adopted or due to unanticipated expenses. In addition, the City Council may choose to amend the budget in the event of a material change in the City's revenue sources during the year. Minor changes to anticipated revenues or expenditures do not require City Council to adopt a budget amendment. Budget amendments are authorized by City Council through an ordinance.

Budget adjustments within the City Council adopted budget for a fund proceed as follows:

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

- The Finance Department receives a request for a budget adjustment from a department. Budget changes can also occur based on new information or documentation that the Finance Department receives directly.
- The Finance Department reviews the request. Adjustments that simply move budget amounts within a department and that do not represent a change in a policy or program are processed by the Finance Department. Budget adjustments that increase the budgeted amount for one department that are offset by decreases in another department are reviewed by the City Manager or other designated person. If approved, the Finance Department makes the requested adjustment as long as it does not change the total budget for the fund.
- Council approval is required if the requested adjustment changes the total budget for a fund. The Finance Department will verify whether there are sufficient resources for the adjustment, and prepare a budget adjustment and ordinance for Council approval.

## Budget Monitoring

Budgets are developed and monitored at the line item level, but are managed at the fund level. A department director can overspend on one line item within their department without the need for a budget adjustment as long as it is balanced out by an under expenditure on another line item. The total expenditures for a fund cannot exceed the total budget for the fund.

Department directors are responsible and accountable for their department budget.

Monthly reports that compare budget to actual will be created by the Finance Department and provided to the appropriate department director for review and response if large discrepancies are identified.

## City Positions and Staffing Levels

The budget approved by the City Council will fund a number of authorized full time equivalent City positions. The City's authorized positions, will be included in the budget document and/or included in labor agreements approved by City Council. City Council will approve any new permanent City positions prior to the positions being filled. Temporary and seasonal positions do not require City Council approval as long as the expenditure to support them is provided for in the adopted budget.

## III. REVENUES

The City will strive to maintain a diversified and stable revenue system to shield the City from short-term fluctuations from any one revenue source.

The City will work to develop and maintain sustainable revenue sources to ensure its viability over the long term.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

Revenue estimates adopted by City Council should be made with consideration to the sensitivity of both local and regional economic activities.

The City will establish all user charges at a level associated with the cost of providing the service.

The City will set fees and user charges for each enterprise fund, such as Water, and Storm Water Drainage, at a level that, along with other anticipated revenue, fully supports the total direct and indirect cost of the activity provided.

Grant revenue sources will be acquired and used whenever possible.

## IV. EXPENDITURES

The City will only propose ongoing operating expenditures that can be supported by ongoing operating revenues.

The City will maintain a level of expenditures consistent with the level of services that will meet the goals and mission of the City as approved by the City Council.

Expenditures funded by one-time only sources, such as grants, must be identified and noted as such. Expenditures funded by these sources will not be included in subsequent budgets once the funding source no longer exists.

The City will maintain expenditure categories according to State statute and administrative regulation.

Expenditures associated with a grant revenue source will be identified and recorded against the corresponding grant.

## V. CAPITAL ASSETS

Refer to ***Financial Policy #09: Capitalization of Assets*** for more detailed information.

The City of Ridgefield will maintain a capital asset system that meets Generally Accepted Accounting Principles (GAAP) reporting requirements.

A capital asset system will be maintained to identify all City assets and their condition.

Capital assets are maintained for both the General Government and Enterprise funds.

Straight line depreciation will be calculated and charged appropriately against the asset.

## VI. FUND BALANCE

Fund balances are created and maintained to provide capacity to:

1. Offset significant downturns in the economy.
2. Provide sufficient cash flow to meet daily financial needs.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

3. Meet all statutory and City Council approved loan covenant requirements for required debt reserves to pay debt service.
4. Maintain the ability to meet scheduled equipment repair and replacement needs that sustain city services at an acceptable level to prevent physical deterioration of city assets.
5. Provide the capacity to pay large unanticipated expenses, such as the payment of vacation and sick leave balances for employees that retire or leave employment with the City.

Fund Balance represents the difference between the fund's assets and the fund's liabilities. A positive fund balance should be maintained to properly manage a fund.

Reserves are a portion of the fund balance that is restricted or categorized to use for a designated purpose. The following definitions (though the City may not use all of these categories at any one time) are published by the Governmental Accounting Standards Board – Pronouncement No. 54:

- Non-spendable: Amounts that cannot be spent due to form; for example, inventories, prepaid amounts, long-term and notes receivables, and other restricted items. Also includes amounts that must be maintained intact legally or contractually.
- Restricted: Amounts constrained for a specific purpose by external parties, or constitutional provision, such as a requirement for revenue bonds to set aside funds in a debt service reserve account.
- Committed: Amounts constrained or restricted for a specific purpose by a government using its highest level of decision-making authority. Action by the legislative authority is required to remove or change this amount.
- Assigned: Used for funds to classify any remaining positive amounts not identified as non-spendable, restricted or committed. These amounts should not result in a deficit in unassigned fund balance.
- Unassigned (remaining fund balance that is not reserved): This is the excess or residual amount of resources that exceed the amount expended, less amounts identified as non-spendable, restricted, committed or assigned. If the residual amount is negative, the assigned amount should be reduced accordingly.

The City has determined the need to create the following reserves and fund balances with the priority identified:

**Priority #1- Debt Service Reserve:**

*Purpose:* This reserve account will be established by any fund that budgets debt service, as an expense item in the fund. The purpose of this account is to create the financial ability to pay for principal and interest due on outstanding debt.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

*Amount:* The amount allocated will be determined by bond issuance and/or loan covenant requirements and adjusted annually. The amount will come from a portion of the annual operating revenue generated in the fund that pays debt service.

*Category:* Identified as a "Committed" fund balance.

## **Priority #2 - Operations and Maintenance Reserve:**

*Purpose:* This reserve account will be established by any fund that budgets ongoing operations and maintenance. The purpose of this account is to create the financial ability to pay operating expenses from month to month given the routine and seasonal fluctuations in the City's revenue and expenses.

*Amount:* The General Fund and Street Fund operations and maintenance reserve will be set at 60 days of prior year actual operating expenses. The operations and maintenance reserve for Enterprise Funds (water and storm water) will be set at 90 days of prior year actual operating expenses. Reserve amounts will be updated annually during the budget process. The source of the operations and maintenance reserve will come from the amount of annual operating revenue that exceeds the annual operating expenses for a fund.

*Category:* Identified as "Unassigned" fund balance.

## **Priority #3 - Revenue Stabilization Reserve:**

*Purpose:* This reserve account will be established in the General Fund. The purpose of this reserve account is to provide the financial ability to cover operating expenses during a longer term revenue shortfall due to reduced ongoing revenue receipts or a downturn in the economy. This reserve will allow the City to sustain service levels while the City Council implements policies that respond to and mitigate the revenue shortfall.

*Amount:* The amount will be calculated annually at 10% of the prior year actual revenues less any one-time revenues such as grant allocations and inter-fund transfers.

*Category:* Identified as "Unassigned" fund balance.

## **Priority #4 - Capital Reserve:**

*Purpose:* This reserve account will be used by any fund that budgets capital and/or large maintenance projects as an expense item in the fund or uses a capital projects fund to budget and pay for these expenses. The purpose of this account is to create the financial ability to pay for unanticipated capital needs typically resulting from a natural disaster or other unanticipated event that damages City infrastructure. This fund may with specific appropriation by City Council be used for investment in revenue producing capital projects.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

*Amount:* The amount allocated will be calculated at 1% of prior year net capital assets. The amount will come from a portion of the annual operating revenue generated in the fund that pays for these types of projects.

*Category:* Identified as “Assigned” fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as “Committed” fund balance.

## **Priority #5 - Capital Repair and Replacement Reserve (Enterprise Funds)**

*Purpose:* This reserve account will be used to set aside funds for future repair and replacement of utility infrastructure. The purpose of this account is to create the financial ability to pay for repair or replacement of existing utility infrastructure at the end of the assets useful life, or in the event of a failure of the asset. Use of these funds for specific repair and replacement projects must be appropriated by City Council through the budget process or by emergency declaration in the event of a significant failure of the asset.

*Amount:* The amount will be allocated on an annual basis as 5% of the previous year utility receipts from rates and will be deposited into a separate fund balance. The minimum target fund balance for this account is 2% of the historical cost for infrastructure, not to include machinery and equipment which is included in the Equipment Replacement Fund Reserve in the accompanying utility fund.

Replenishment of Reserves – The following criteria will be used to restore the Capital Repair and Replacement Reserve Fund based upon the minimum reserve guideline:

1. If the reserves are drawn down by 25-50% of reserve fund balance, then a budgetary plan shall be implemented to return the reserve level to between 75-100% of the minimum reserve balance over a 5-7 year period.
2. If the reserves are drawn down by 10-25% of reserve fund balance, then the budgetary plan to restore the minimum reserve balance shall be structured over a 3-5 year period.
3. If the reserves are drawn down by 0-10% of reserve fund balance, then the budgetary plan to restore the minimum reserve balance shall be structured over a 1-3 year period.

*Category:* Identified as “Unrestricted” fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as “Committed” fund balance.

## **Priority #6 - Equipment Repair and Replacement Reserve:**

*Purpose:* This reserve account will be set-up as a separate fund to account for equipment replacement for existing City equipment and vehicles. The purpose of this fund is to create the

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

financial flexibility to plan for replacement of these types of expenses, maintaining the City assets at an acceptable level to prevent physical deterioration.

*Amount:* The amount allocated will be determined by a financial model used to track the funds needed to replace existing vehicles and equipment at the end of their useful life. The amount allocated to the reserves will be updated annually during the budget process.

*Category:* Identified as “Assigned” fund balance unless a resolution or budget amendment is processed that identifies a specific amount to be used for a specific item or purpose, then this amount would be classified as “Committed” fund balance.

The City will make every effort to create and maintain the fund balances and reserves identified above and based on the priorities established. The City is aware that needs may change over time and fund balance reserve amounts may be redistributed within a fund to meet the needs that occur at a given time. If it is determined that funds need to be redistributed within a fund, the fund balance with the lowest priority will be redistributed first to allow the ability to meet the need of a higher priority fund balance. In all cases, council approval or budget enactment is required before changing or redistributing the amounts allocated to a reserve account.

## VII. PURCHASING

Refer to ***Financial Policy #04: Procurement of Goods and Services*** for more detailed information.

The City shall commit to the following guidelines:

- Comply with all federal, state, and local laws, adopted codes, ordinances, and stated policies in its procurement process.
- Buy competitively and wisely to obtain maximum value for the public resource dollars spent.
- Afford all bidders an equal opportunity to quote and compete on equal terms.
- Initiate and promote good, continuous vendor relations, as well as, reliable alternate sources of supply.
- Buy from suppliers who maintain adequate financial strength, high ethical standards, a record of adhering to specifications and who will maintain integrity in payment terms, delivery and service.

## VIII. CAPITAL IMPROVEMENTS

The City will make capital improvements in accordance with an adopted capital improvement plan.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

The capital investment program and the base operating budget will be reviewed at the same time. This will insure that the City's capital and operating needs are balanced with each other.

The City will develop a multi-year plan for capital improvements including operations and maintenance costs and update it every two years or sooner if needed. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in the economic base will be calculated and included in the capital budget projections.

The City will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to Council for approval. The City will use intergovernmental grants, loans and other outside resources whenever possible.

## IX. LOCAL IMPROVEMENT DISTRICTS (LID):

LID's are formed to provide an alternative means of financing for property owners, within a defined geographical area, to make improvements benefiting their property.

Improvements financed by the Local Improvement District (LID) may include street and sidewalk construction, construction of water distribution and storm water collection facilities. Assessments are determined by the size and location of each property in relation to the improvement and the benefit to the property.

An LID may be initiated by City Council resolution or by petition of the majority of property owners along the frontage of the improvement, within the boundaries of the district. Refer to RCW 35.43 for authority.

The formation of a Local Improvement District is limited to specific instances and can apply as follows:

- When a group of property owners wish to accelerate development of a certain improvement; or
- When a group of property owners desire a higher standard of improvement than the City's project contemplates; or
- When a group of property owners request City assistance in LID formation to fund internal neighborhood transportation facilities improvements.

LID projects may or may not have City funding involved. If City funding is proposed by the project sponsors (property owners), they shall request it from the City Council (through the City Clerk) in writing before the LID promotion activity begins.

## X. LATECOMER AGREEMENTS

Refer to Ridgefield Municipal Code chapter 3.90 for more detailed information.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

As a source of financing capital improvements, the City may work with private developers to construct projects identified in the capital facilities plan.

The City shall collect a connection or impact fee from future developers that utilize the capital improvement and reimburse the developer that built the initial capital improvement.

Construction projects considered under this agreement:

- The project must be a project identified in the adopted capital facilities plan
- The project extension must serve anticipated future development.
- The project requires prior approval by the Community Development Director or Public Works Director.
- The latecomer agreement must be approved by City Council prior to construction.

Payment of any latecomer fee shall occur within 15 years of final acceptance of construction.

Documentation of the actual project costs and the agreement with current participants must be made prior to any reimbursements.

The reimbursements shall not exceed that amount which brings participant costs equal to zero.

## XI. DEBT MANAGEMENT

Refer to ***Financial Policy #10: Debt Management*** for more detailed information.

The Debt Policy for the City of Ridgefield sets forth guidelines for the issuance and management of all financings of the City. Adherence to the policy is essential to ensure that the City maintains a sound debt position and protects the credit quality of its obligations while providing flexibility and preserving financial stability.

## XII. INVESTMENTS

Refer to ***Financial Policy #08: Investments*** for more detailed information.

The policy on investment applies to the investment of all City funds excluding pension funds or trust accounts. The primary objective of investment activities shall be: 1) Safety of principal that seeks to minimize potential losses; 2) Liquidity of cash to sufficiently meet all operating requirements; and 3) Return on investment that allows for the highest market rate of return throughout budgetary and economic cycles.

The City of Ridgefield authorized investment officers will perform their duties in a manner consistent with the standard of a "prudent person," as defined in RCW 43.250.040. A prudent person is defined as "exercising the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of the funds

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

References:

considering the probable income as well as the probable safety of the capital.” The investment officer is the Finance Director.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

The City may invest in any of the securities identified as eligible investments as defined by RCW's: 35A.40.050, 39.59, 43.250, and 43.84.080. These include: Certificates of Deposit, United States Securities, Bankers' Acceptances, Repurchase Agreements and Certificates, and Notes and Bonds of the State of Washington. The City may also create investment accounts with the Clark County Treasurer's Office per RCW 36.29.020, and the Local Government Investment Pool per RCW 43.250.040. Speculative investments are not allowed.

Investment transactions shall be conducted with approved broker/dealers selected by credit worthiness and other selection criteria. Broker/dealers must be registered to provide investment services in the State of Washington.

The policy shall be to assure no single institution or security is invested into, to such an extent that a delay of liquidation at maturity is likely to cause a current cash flow emergency.

## **XIII. ACCOUNTING, AUDITING AND FINANCIAL REPORTING**

The City will establish and maintain a high standard of accounting practices.

The accounting system will maintain records on a basis consistent with Generally Accepted Accounting Principles and the State of Washington Budgeting, Accounting, and Reporting Systems.

Regular monthly, quarterly and annual financial reports will present a summary of financial activity by major types of funds. Monthly reports will also include a summary of the investment activities by type of investment.

Where feasible, the reporting system will also provide monthly information on the total cost of specific services by type of expenditure and, if necessary, by fund.

The State Auditor's Office will audit City records annually or biannually, depending upon audit requirements, and will issue a financial opinion.

## **XIV. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION**

Basis of accounting refers to the point at which revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis relates to the timing of the measurements made, regardless of the measurement focus applied.

# Financial Policy #01: Financial Management

Effective Date: July 26, 2018 Resolution No. 541

Replaces and Cancels: Replaces Financial Policy #01: Financial Management; August 25, 2016

References:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements report the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The City considers taxes as available if they are collected within 60 days after year end. Expenditures are accrued to the period the liability is incurred if the invoice is received within 60 days of the end of the current fiscal period for all amounts, when received between day 61 and day 75 invoices exceeding \$25,000 will be accrued, and no accrual will occur after day 75 in order to facilitate preparation of financial statements and the year-end close.. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, franchise fees, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and will be recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule the effect of interfund activity is eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water, and storm water function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Storm Water Funds are charges to customers for sales and services. Operating expenses for these funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

## CITY OF RIDGEFIELD REQUEST FOR COUNCIL ACTION

**MEETING DATE:** July 26, 2018

**ITEM:** BUSINESS

**AGENDA ITEM TITLE:** Amendment to Financial Policy #07: Budget

### **GOVERNING LEGISLATION:**

RCW 35A.33 – Budgets in Code Cities, City of Ridgefield Financial Policy #07: Budget

### **PREVIOUS COUNCIL ACTION TAKEN:**

Council originally adopted Budget Policies and Procedures by Resolution No. 319 on June 8, 2006. Council subsequently amended the Policies and Procedures on August 27, 2015 by Resolution No. 492.

### **SUMMARY/BACKGROUND:**

Per the City's formal budget policy both financial and budget policies are reviewed each year during the budget process. Staff reviewed the policy to insure best practice and industry standards are up to date. The following changes are recommended:

#### **General Guidelines**

Adding the term designee to language for authority to alter appropriations within a department or fund that does not impact the total expenditures of the department or fund. This matches language in the Financial Management Policy that allows the Finance Department to reallocate budget amounts within a department and/or fund that do not alter the overall budget amount, or change a program or policy.

Add a new paragraph to page 2 that the Finance Department will prepare a 6 year revenue and expense forecast for ongoing operations and maintenance at current service levels.

#### **Expenditure Guidelines**

Page 3 - remove reference to Portland consumer price index and replace with reference to the West Region consumer price index.

Page 3 - add more detailed information regarding the financial model used for allocating indirect cost.

Page 3 - revise language to match Governmental Accounting Standards Board capital assets in place of fixed assets.

#### **Overall Process**

Page 3 - Add 6 year revenue and expense forecast to procedures and timeline.

---

**BUDGET/FINANCIAL IMPACTS:**

No financial impacts are anticipated

**RECOMMENDED ACTION OR MOTION:**

Staff recommends that Council adopt Resolution No. 542 as presented by making the following motion:

**"I move to adopt Resolution No. 542 as presented."**

**STAFF CONTACT:**

Kirk Johnson, Finance Director

Policy #07 Budget Policies 2018 Redlined (DOCX)

**ATTACHMENTS:**

Policy #07 Budget Policies 2018 Clean (PDF)

**Resolution No.542****AMENDMENT TO FINANCIAL POLICY #07: BUDGET**

WHEREAS, the City of Ridgefield established budget policies and procedures by the adoption of Resolution No. 319 on June 8, 2006; and

WHEREAS, the City of Ridgefield amended the budget policies and procedures by the adoption of Resolution No. 492 on August 27, 2015; and

WHEREAS, the City deems it necessary to update these budget policies and procedures by amending the policy to provide a more detailed document matching industry standards and best practices; and

WHEREAS, these policies provide guidelines for the preparation and management of the budget process that can have significant fiscal impact on the City; and

WHEREAS, these policies are designed to promote sound financial management, minimize financial risk, and maintain appropriate financial capacity to meet current and future financial needs.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF RIDGEFIELD, WASHINGTON, DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. The City Council of the City of Ridgefield approves the updated version of the budget policies, a copy of which is attached and referenced as exhibit A.

Section 2. The City Manager, Finance Director and Deputy City Manager are hereby authorized to implement such policies as necessary to carry out the directions of this Resolution.

Section 3. Effective date of this Resolution shall be in full force and effect on the date adopted by the City Council.

**ADOPTED AT A REGULAR SESSION BY THE CITY COUNCIL OF THE CITY OF RIDGEFIELD, WASHINGTON ON THE 26TH DAY OF JULY, 2018.**

CITY OF RIDGEFIELD

---

Don Stose, Mayor

ATTEST:

---

Julie Ferriss,

City Clerk

## Financial Policy #07: Budget

Effective Date: ~~August 27, 2015~~ July 26, 2018; Resolution No. 542  
 Replaces and Cancels: Budget Policies ~~September 2012~~ August 27, 2015  
 References: RCW 35A.33; Financial Policy #01: Financial Management Policies

### PURPOSE

To establish the framework for overall fiscal planning and management. The budget policies set forth guidelines for both current and long-range planning activities. The policies are reviewed annually for adherence and relevance, and provide standards against which current budgetary performance can be measured and proposals for future programs evaluated.

### BACKGROUND

Chapter 35A.33 of the Revised Code of Washington (RCW) mandates the city's budget process. The annual budget begins January 1 and lapses December 31 of each fiscal year. The budget, as adopted annually by the City Council, constitutes the legal authority for expenditures. The City's budget is adopted at the fund level and expenditures may not legally exceed appropriations at that level of detail.

Budgeted amounts are authorized to be transferred by the City Manager or designee between departments within any fund and among object classes within departments. However, any revisions that alter the total expenditures of a fund or that affect the number of authorized full time equivalent positions, labor agreements, or contracts for employment must be approved by the City Council.

Once adopted, the budget becomes the formal expression of the City's objectives and priorities for the forthcoming year and how the resources will be used to meet those objectives.

### OBJECTIVES

1. To establish general guidelines for the budget process.
2. To establish revenue guidelines for the budget process.
3. To establish expenditure guidelines for the budget process.
4. Define the overall process for establishing a budget.
5. Define the role of the budget advisory committee.

### GENERAL GUIDELINES

The City of Ridgefield's accounting and budgeting systems are organized and operated on a fund level basis. A fund is a self-balancing set of accounts, segregated for specific purposes in accordance with laws and regulations or special restrictions and limitations. Each fund is balanced, meaning total revenues equal total expenditures. The budgeted funds are grouped into five categories: General, Special Revenue, Debt Service, Capital Projects and Enterprise.

The budget is proposed by the City Manager and adopted by the City Council with legal budgetary control at the fund level. Expenditures may not exceed appropriations. Unexpended appropriations lapse at the end of the budget year.

Any budget adjustments between funds shall be approved by the City Council. Budget adjustments between departments that do not alter the total appropriations at the fund level shall be approved by the City Manager or designee. Budget adjustments within a department that do not alter the total appropriations at the department level may be approved by the City Manager or Finance Director.

## Financial Policy #07: Budget

Effective Date: ~~August 27, 2015~~ July 26, 2018; Resolution No. 542  
 Replaces and Cancels: Budget Policies ~~September 2012~~ August 27, 2015  
 References: RCW 35A.33; Financial Policy #01: Financial Management Policies

The City will strive to ensure that City service priorities keep pace with the needs of the community by incorporating a service level needs review as part of the budget process.

The City budget will support City Council goals and priorities and the needs of the community.

Department Directors have primary responsibility for formulating budget proposals in line with City Council, Management Team, and City Manager direction and priorities. Department Directors are responsible for implementation and management of the adopted department budgets under their control.

The Finance Department is responsible for preparation and administration of the City's budget. This includes maintaining up to date information on revenues and expenditures, organizing data in an understandable fashion, and creating and providing tools for budget development.

The Finance Department will prepare a 6 year revenue and expense forecast, for ongoing operations and maintenance at current service levels. The 6 year forecast will assist City Council in laying the strategic foundation for the new budget year.

The Finance Department assists City Management in identifying budget problems, formulating solutions and alternatives, and implementing any necessary corrective actions as directed by City Council.

Revenues and expenditures shall be coded to the appropriate fund, department, and Budgeting, Accounting and Reporting System (BARS) account code as prescribed by the Washington State Auditor's Office, and not to accounts where an excess of funds may exist.

The City will routinely evaluate its service delivery system to maximize efficiency and effectiveness.

### REVENUE GUIDELINES:

Revenue forecasts will be updated and prepared on an annual basis. Forecasts shall be conservatively estimated and subject to revision.

The City utilizes a historic trend analysis to establish baseline estimates of major revenues including incorporating proposed rate increases where applicable.

Utility rates and fees will be reviewed annually and updated and changed as deemed appropriate by City Council. Fees shall be established to recover all appropriate costs for providing the service.

Rate studies for revenues that support Enterprise Funds shall be conducted at least every five years to update assumptions and ensure that revenues are sufficient to recover operating costs, provide for capital improvements that maintain existing levels of service and provide for anticipated growth.

One-time revenues will be used only for one-time expenditures.

## Financial Policy #07: Budget

Effective Date: ~~August 27, 2015~~ July 26, 2018; Resolution No. 542  
 Replaces and Cancels: Budget Policies ~~September 2012~~ August 27, 2015  
 References: RCW 35A.33; Financial Policy #01: Financial Management Policies

### EXPENDITURE GUIDELINES:

The Finance Department will provide to each Department Director a baseline budget, reflective of the current level of service adjusted for inflation, as calculated using the ~~Portland-West Region~~ consumer price index for all urban consumers (CPI-U), and exclusive of any one-time only expenditures.

Salaries and benefits will be updated by the Finance Department and included in the baseline budget. The updated amounts will be based upon collectively bargained labor contracts and input from the City Manager and Budget Advisory Committee.

Changes to the baseline budget must be requested and clearly identified, by program, as an Additional Funds Request. Additional Funds Requests will be evaluated by the City Manager and, if approved, incorporated into the City Manager's proposed budget presented to the Budget Advisory Committee and the City Council.

Priorities in evaluating Additional Funds Requests will be given to those proposals that:

1. Are, and will continue to be, self-funding from external sources or are funded through realignment of the existing department budget;
2. Directly serve to satisfy one or more Council goals;
3. Will reduce existing costs of staffing, maintenance, and operation through efficiencies or cost avoidance; and
4. Are necessary to maintain the City's existing investment in facilities and capital structures.

The authorized Full Time Equivalents (FTE) for staffing needs will be established by City Council. City Council approval is required for all capital purchases.

The City will allocate indirect and administrative costs to funds and departments based on a financial model prepared by the Finance Department. The financial model will use -actual data from the most recent fiscal year-end, for the following budget cycle (i.e. 2017 actuals for 2019 budget), an estimate of to determine the benefits received by each fund or department. -An-The estimate of the benefits received will be developed by the Finance Department using an indirect ~~Cost\_Plan allocation financial model and will be~~ incorporated into the City Manager's proposed budget.

Capital improvement projects will be prioritized and funded based upon the approved Capital Facilities Plan and available funding. Additionally, the Capital Projects funds will be budgeted to account for the construction of capital projects and/or the purchase of ~~fixed-capital~~ assets.

Grant funded projects will be funded and prioritized based upon the grant award and contract.

The City develops a budget for the Debt Service fund to account for the payment of principal and interest.

### OVERALL PROCESS:

Financial Policy #07: Budget Policies

Effective Date: ~~August 27~~ July 26, 2018, 2015

Page 3 of 5

## Financial Policy #07: Budget

Effective Date: ~~August 27, 2015~~ July 26, 2018; Resolution No. 542  
 Replaces and Cancels: Budget Policies ~~September 2012~~ August 27, 2015  
 References: RCW 35A.33; Financial Policy #01: Financial Management Policies

The budget will be conducted in accordance to the procedures and timelines established in RCW 35A.33 pertaining to budgets in code cities and will follow the general process listed below.

1. Prepare/update 6 year revenue and expense forecast for ongoing operations and maintenance.

~~1-2.~~ Establish Budget Advisory Committee. This committee will meet on an on-going basis and will provide input and guidance throughout the budget process.

~~2-3.~~ Prepare budget calendar for review and notice.

~~3-4.~~ Prepare and update the baseline budget. The baseline budget will include preliminary estimates for revenues and expenditures and will be organized by fund and department.

~~4-5.~~ Provide appropriate copies of the baseline budget to department directors for review and input.

~~5-6.~~ Meet with budget advisory committee to review baseline budget. Obtain input and recommendation for submission to City Council.

~~6-7.~~ Conduct work session/meeting with City Council. The work session or meeting should include the Budget Advisory Committee, City Manager, Department Directors and other appropriate staff. The main purpose of the meeting is to provide a draft of the baseline budget, provide economic updates, and share information and make known any issues or concerns.

~~7-8.~~ The Finance Department works with the City Manager and Department Directors and compiles the preliminary budget including the baseline budget and any additional funds requests for review by the Budget Advisory Committee.

~~8-9.~~ The City Manager presents the draft Preliminary Budget to the Budget Advisory Committee and City Council for review. The draft Preliminary Budget is also made available to the public.

~~9-10.~~ An ordinance is prepared to set the property tax levy. A public hearing is conducted on revenues and the property tax ordinance.

~~10-11.~~ The Final Budget is completed and City Council holds a public hearing before considering it for adoption.

~~11-12.~~ The Final Budget is adopted by Council and published accordingly.

### BUDGET ADVISORY COMMITTEE:

The main role of the Budget Advisory Committee is to serve in an advisory capacity to assist in development of an annual budget that reflects the City's top priorities. The Budget Advisory Committee also provides open and transparent communication among the participants and the citizens of Ridgefield.

## Financial Policy #07: Budget

Effective Date: ~~August 27, 2015~~ July 26, 2018; Resolution No. 542  
 Replaces and Cancels: Budget Policies ~~September 2012~~ August 27, 2015  
 References: RCW 35A.33; Financial Policy #01: Financial Management Policies

The Budget Advisory Committee is charged with giving feedback on budget requests and on the top priorities of the City. In addition to considering requests for funding new initiatives the Committee will advise the City Council on rate increases. The Committee is asked to provide feedback on maintaining a balance between keeping fees for services affordable and providing the resources needed to continue to maintain and improve the level of services for City programs and services.

The Budget Advisory Committee will consist of two City Council members, City Manager, Finance Director, Deputy City Manager, Public Works Director, Chief of Police, Community Development Director and one citizen at large appointed by Council.

Additional Funds Requests will be evaluated by the City Manager and, if approved, incorporated into the City Manager's proposed budget presented to the Budget Advisory Committee and the City Council.

Priorities in evaluating Additional Funds Requests will be given to those proposals that:

1. Are, and will continue to be, self-funding from external sources or are funded through realignment of the existing department budget;
2. Directly serve to satisfy one or more Council goals;
3. Will reduce existing costs of staffing, maintenance, and operation through efficiencies or cost avoidance; and
4. Are necessary to maintain the City's existing investment in facilities and capital structures.

The authorized Full Time Equivalents (FTE) for staffing needs will be established by City Council.

City Council approval is required for all capital purchases.

The City will allocate indirect and administrative costs to funds and departments based on a financial model prepared by the Finance Department. The financial model will use actual data from the most recent fiscal year-end, for the following budget cycle (i.e. 2017 actuals for 2019 budget), to determine the benefit received by each fund or department. The indirect cost allocation will be incorporated into the City Manager's proposed budget.

Capital improvement projects will be prioritized and funded based upon the approved Capital Facilities Plan and available funding. Additionally, the Capital Projects funds will be budgeted to account for the construction of capital projects and/or the purchase of capital assets.

Grant funded projects will be funded and prioritized based upon the grant award and contract.

The City develops a budget for the Debt Service fund to account for the payment of principal and interest.

## OVERALL PROCESS:

The budget will be conducted in accordance to the procedures and timelines established in RCW 35A.33 pertaining to budgets in code cities and will follow the general process listed below.

# Financial Policy #07: Budget

Effective Date: July 26, 2018; Resolution No. 542

Replaces and Cancels: Budget Policies August 27, 2015

References: RCW 35A.33; Financial Policy #01: Financial Management Policies

1. Prepare/update 6 year revenue and expense forecast for ongoing operations and maintenance.
2. Establish Budget Advisory Committee. This committee will meet on an on-going basis and will provide input and guidance throughout the budget process.
3. Prepare budget calendar for review and notice.
4. Prepare and update the baseline budget. The baseline budget will include preliminary estimates for revenues and expenditures and will be organized by fund and department.
5. Provide appropriate copies of the baseline budget to department directors for review and input.
6. Meet with budget advisory committee to review baseline budget. Obtain input and recommendation for submission to City Council.
7. Conduct work session/meeting with City Council. The work session or meeting should include the Budget Advisory Committee, City Manager, Department Directors and other appropriate staff. The main purpose of the meeting is to provide a draft of the baseline budget, provide economic updates, and share information and make known any issues or concerns.
8. The Finance Department works with the City Manager and Department Directors and compiles the preliminary budget including the baseline budget and any additional funds requests for review by the Budget Advisory Committee.
9. The City Manager presents the draft Preliminary Budget to the Budget Advisory Committee and City Council for review. The draft Preliminary Budget is also made available to the public.
10. An ordinance is prepared to set the property tax levy. A public hearing is conducted on revenues and the property tax ordinance.
11. The Final Budget is completed and City Council holds a public hearing before considering it for adoption.
12. The Final Budget is adopted by Council and published accordingly.

## **BUDGET ADVISORY COMMITTEE:**

The main role of the Budget Advisory Committee is to serve in an advisory capacity to assist in development of an annual budget that reflects the City's top priorities. The Budget Advisory Committee also provides open and transparent communication among the participants and the citizens of Ridgefield.

The Budget Advisory Committee is charged with giving feedback on budget requests and on the top priorities of the City. In addition to considering requests for funding new initiatives the Committee will advise the City Council on rate increases. The Committee is asked to provide feedback on maintaining a balance between keeping fees for services affordable and providing
